HATE CRIMES

Texas A&M University-San Antonio is also required to report statistics for hate (bias) related crimes by the type of bias as defined below for the following classifications: murder/non-negligent manslaughter, negligent manslaughter, sex offenses (forcible and non-forcible), robbery, aggravated assault, burglary, motor vehicle theft, arson (see definitions above) and larceny, vandalism, intimidation, and simple assault (see definitions below).

Larceny: The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.

Vandalism: To willfully or maliciously destroy, injure, disfigure, or deface any public or private property, real or personal, without the consent of the owner or person having custody or control by cutting, tearing, breaking, marking, painting, drawing, covering with filth, or any other such means as may be specified by local law.

Simple Assault: An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration or loss of consciousness.

If a hate crime occurs where there is an incident involving intimidation, vandalism, larceny, simple assault or other bodily injury, the law

requires that the statistic be reported as a hate crime even though there is no requirement to report the crime classification in any other area of the compliance document.

A hate or bias related crime is not a separate, distinct crime, but is the commission of a criminal offense which was motivated by the offender's bias. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of his bias against the victim's race, sexual orientation, etc... the assault is then also classified as a hate/bias crime.
