33.04.01 Use of University Resources for External Employment

Approved: May, 2012
Next Scheduled Review: May, 2014

Procedure Statement

The resources of Texas A&M University-San Antonio may not be used for external employment except as specified below, consistent with Texas A&M University System Regulation 33.04.01 Use of System Resources for External Employment.

Reason for Procedure

This Procedure provides guidance concerning the use of TAMU-SA resources for external employment. Proper utilization of University resources ensures organizational risks and costs are properly managed. This Procedure is required by System Regulation 33.04.01 Use of System Resources for External Employment.

Procedures and Responsibilities

It is the Policy of Texas A&M University-San Antonio to encourage faculty to serve the needs of the people of the State of Texas through education, leadership development, research, and service. The University, as the System, is committed to allowing its faculty members to make their expertise and services available to business, industry, government, professional societies, and other appropriate entities. Such external services of a professional nature serve to strengthen the individual employee and contribute to improvement of education, leadership development, research, and service programs.

Consistent with the above goals, Texas A&M University-San Antonio will ensure faculty and staff compliance with Regulation Statement 33.04.01 Use of System Resources for External Employment of the Texas A&M University System, which states in part:
1. Authorized use of system resources for external employment

1.1 A System faculty or staff employee must not use System resources (including services) for external employment unless:

1.1.1 the external employment has been approved in accordance with the applicable System regulation (System Regulation 31.05.01 Faculty Consulting, External Employment, and Conflicts of Interest or 31.05.02 External Employment); and

1.1.2 the use of System resources is incidental in nature (see Section 1.2 of this Regulation).

1.2 The incidental use of System resources for approved external employment must not:

1.2.1 cause an additional (non-reimbursed) expense to the System;

1.2.2 impede normal business functions;

1.2.3 be for non-approved private commercial purposes;

1.2.4 be used for illegal activity;

1.2.5 be used to intentionally access, create, store or transmit obscene materials; or

1.2.6 be used to compete unfairly with private sector entities or private consultants.

2. PAYMENT FOR SYSTEM RESOURCES USED FOR EXTERNAL EMPLOYMENT

Any cost to the System, including personnel time, resulting from a faculty or staff employee’s use of System resources for external employment, must be paid by the employee in accordance with this section.

2.1 A System resource regularly available to private individuals or firms on a fee or per-unit basis may be secured by System employees at the same cost and under the same conditions that they are available to the general public. Each member shall be responsible for establishing procedures to determine the amount of the fees or per-unit charges, and the procedures should also address the method of collecting and accounting for such fees or charges.
2.2 If a System resource is not available as described in Section 2.1, a System faculty or staff employee must not use the System resource for external employment unless the use is approved by the Chancellor or designee(s) in advance and suitable arrangements have been made in advance for payment of agreed upon value for the use of the resource.

Definitions

External employment – consulting or other professional employment activities for which a faculty or staff member is compensated by a third party.

Incidental – minimal in scope; for example, time periods comparable to reasonable coffee breaks during the day.

University resource – an item or tool provided by the system for purposes of satisfying normal business activities, including but not limited to Internet access, e-mail addresses, facsimiles, telephone and personal computing services, procurement and credit cards and all other organizational assets, including cash
