March is Developmental Disabilities Awareness Month!

In celebration of this important month, we highlight the TU CASA program, which empowers students with developmental disabilities by offering a fully inclusive university experience. From advocacy and encouragement to support for independent living, the program helps students thrive in all aspects of college life.

What's in this month's issue:

- Career Builder Day
- Paws to Lead Mentor Program
- Student Spotlight
- Upcoming Events
- AmigXs Club Fundraiser

Career Builder Day

Our students had the unique opportunity to explore the wide range of roles that keep the Thompson San Antonio Riverwalk running seamlessly. From housekeeping to security, they gained hands-on experience in making beds, inspecting rooms, assisting guests, maintaining cleanliness, and ensuring safety across the property. It was an enriching day filled with valuable learning and real-world experience!

Paws to Lead Mentor Program

TU CASA kicked off the Paws to Lead Mentor Program orientation, and it was a great success! Thanks to Texas A&M-San Antonio Disability Support Services, The Cisneros Institute, Student Leadership, and Alumni Affairs for their support.

Student Spotlight

Cecret's journey has come full circle, from touring the campus as an eager student to now inspiring her former Kerrville ISD classmates as a proud member of the TU CASA program. She recently shared her story, reflected on her college experience, and even gave a campus tour to her former classmates! We couldn't be prouder of her growth, determination, and the way she's giving back to her community.
