Ring Day Ceremony

We're excited to recognize a meaningful milestone reached by Davis and Michael, who recently participated in the Ring Ceremony. This special tradition celebrates the hard work and dedication that have brought them to this point as they prepare to graduate in May. The ceremony is a powerful symbol of their journey, their achievements, and the bright future ahead. We're proud to celebrate this moment with them and cheer them on as they take the next step.

Recently, our Paws to Lead mentors and mentees have been coming together for some truly meaningful conversations and gatherings. These moments offer a perfect opportunity to destress, share personal experiences, and build deeper connections. It's a powerful reminder of the importance of our mentor program in fostering strong, supportive relationships. We are proud to see the value it brings to both mentors and mentees alike here at Texas A&M University-San Antonio.
