REASON FOR PROCEDURE

Texas A&M University System (System) Policy 11.07 Granting of Honorary Degrees provides guidelines for granting honorary degrees. This Texas A&M University-San Antonio (A&M-San Antonio) Rule on granting honorary degrees governs the University in matters not detailed in System Policy. It is necessary to have a method for recommending an individual for an honorary degree, for reviewing the individual's accomplishments, and for involving faculty, staff, and administrators in the decision-making process.

PROCEDURE

1. GENERAL

1.1 A&M-San Antonio selectively and judiciously awards the honorary degree to individuals of exceptional academic, scholarly, artistic and/or philanthropic accomplishment in order to bring honor and recognition to A&M-San Antonio and to identify persons whose accomplishments and service to humanity can be considered exemplary. Professional associations that are created by the process of awarding of an honorary degree are a means of aiding the University community in setting and achieving its mission. A committee of faculty members appointed by the Provost will receive all nominations for honorary degrees. The committee's recommendation will be forwarded to the Executive Team who will forward their recommendation to the President. Candidate nominations that are not selected in any particular year but are otherwise deemed meritorious will remain eligible for consideration for three years from the date of nomination.

2. CRITERIA

2.1 A&M-San Antonio awards honorary degrees principally to individuals who have distinguished themselves in sustained scholarly activity in the arts, education, letters, science, technology, or service to humanity. An honorary degree also
may be awarded to an individual from industry, government, communications, education, business, social services, service to the University, or another public arena who has distinguished himself or herself through nationally or internationally significant contributions.

3. RESTRICTIONS

3.1 Honorary degrees recognize an individual, not an office or position. So far as possible, there will be an effort to ensure that the persons honored represent a variety of fields of endeavor. No more than one honorary degree will be approved in any one fiscal year. Honorary degrees will be awarded during spring commencement, and the recipient must be present to receive the award.

3.2 Honorary degrees are not awarded:

3.2.1 in absentia

3.2.2 posthumously

3.2.3 to current employees of the University

3.2.4 to individuals who have direct political, legal, or budgetary authority over the University

3.2.5 in consideration solely based on any past, present, or future gift or other benefaction to the University

4. SELECTION AND APPROVAL OF RECIPIENTS

4.2 The Executive Team shall recommend nominees for further consideration to the President.
4.3 The President, in consultation with the Provost, shall present his/her choice of approved nominees, through the Chancellor, to the Board of Regents.

4.4 Honorary degrees shall be awarded only to those nominees approved by the President and the Board of Regents. The names will be made public with the appropriate graduation ceremony announcement.
