By using the site, you agree to the [Terms of Use](#).

## Student - Login and Create Account

**Please note:** Based on SSO setup, some of the information in the register account screen is pre-populated. The student may need to update the information to match their FAFSA exactly for First and Last Name.

**Direct Sign On (DSO)** [tamusa.verifymyfafsa.com](https://tamusa.verifymyfafsa.com)

The student navigates to their school specific URL. If they have previously created a username and password, they may enter the information and select login.

The image shows a web form titled "Secure Login". At the top left is a blue padlock icon. The title "Secure Login" is in white text on a dark grey background. Below the title, there are two input fields: "Username" and "Password", both highlighted in yellow. To the right of the Username field is a blue link "Forgot Username?". To the right of the Password field is a blue link "Forgot Password?". Below the input fields are two buttons: a dark grey "Login" button with a red border, and a light grey "Create Account" button. Below the buttons is the text "Not a student? [Parent Login](#)". At the bottom of the form is a dark grey footer with the text "By using the site, you agree to the [Terms of Use](#)."

**Please Note:** The first time the student visits the site, they will need to create an account by clicking the create account button.

# Student - Login and Create Account

## **Please Note:**

- These four fields are required in order to verify the student's identity and link the student's account with the ISIR that was imported.
- These four identifying fields must match the FAFSA exactly for an account to be created.
- The student will not be able to create an account if the student does not have a SSN match flag value of 4 or if the ISIR has a reject code or a c code for not passing the checks with the Social Security Administration for any of the four identifying fields.  
**Student ID**- Default option is optional for the student to enter their Student ID if known. A school user with admin access has the ability to change the Student ID settings.

**Phone number** - If the student enters a phone number in the create account screen they are opting into receive text messages.

Once the student has completed all required information, they can select create account.

Login error codes may be viewed [here](#) if a student is having issues creating an account.

Once the account is created successfully, the student is redirected to the login screen to login.

After the student has created their account, they receive an account confirmation email with a link to verify their email address. If the student does not verify their email address they are not be able to use the forgot username and forgot password links on the login page. If the student has forgotten either their username or password and has not verified their email, the school user can re-send the verify email through the view settings button on the student's account page.
