Fall: June 15

Spring: October 15

Summer: March 15

The student will complete an online appeal form and submit any supporting documentation to the Student Academic Success Center by the stated deadline in the dismissal email. This appeal should only be completed in extenuating circumstances. The Academic Suspension committee is within their rights to deny the appeal and require the student to sit out the requisite amount of time.

The form will be reviewed by the Academic Suspension Committee and a determination made regarding the outcome. If a student's appeal is approved, the student must then participate in the Academic Recovery Program as part of their requirement for reinstatement; see [Section 4.1.5](#).

If approved, the student is informed by the Executive Director of Student Success and the Office of the Registrar is notified that the student is eligible for registration for that term. Reinstated students will be limited to 13 hours automatically. It is at the Suspension Committee's discretion to limit the student further (3, 6, 9, or 12 hours). The restriction will stay on as long as the student is on scholastic probation or reinstatement.

If the appeal is denied, the student is notified of the decision by the Executive Director of Student Success and the academic dismissal status remains on the record. Students must reapply to the University if they do not enroll within one calendar year from the initiation of the academic dismissal.

As part of the re-admission appeal process, all students are required to develop, in consultation with a Success Coach from the Student Academic Success Center, a student success plan. As part of the student success plan, students will be required to complete specified assessments as well as participate in the Academic Recovery Program. 8.9 DISCLOSURE OF CAMPUS SECURITY POLICY & CRIME STATISTICS

8.9.1 EMERGENCY NOTIFICATION AND TIMELY WARNINGS VIA JAGE ALERT

EMERGENCY NOTIFICATIONS

During an emergency situation, information will be released to the University community through the JagE Alert System. This is a system that quickly notifies registered users of campus emergencies through text messages, and emails. Students are able to include several telephone numbers and email addresses allowing notification to parents and/or spouse. Because JagE Alert uses data provided by the students, it is imperative that contact information remain up-to-date at all times. In emergency situations, the campus is also equipped with an outdoor speaker system that can broadcast direct commands and sounds to alert the campus to danger and ways to take necessary precautions.

The university is equipped with Mass Notification Systems and in the event of an emergency the university community may also be notified via external/internal audible alerts and visual alerts (flashing lights). Additionally, announcements can be made in buildings equipped with public address capability through the fire alarm system and an exterior loudspeaker notification system provides direct commands and sounds that alert the campus to danger and ways to take necessary precautions. A warning will include a tone and a set of instructions indicating the type of emergency and the type of response to take depending on the situation.

TIMELY WARNINGS

In the event a situation arises on campus, that, in the judgment of the Chief of A&M-SA PD or designee constitutes a serious or continuous threat, a university-wide “timely warning” will be issued. It will advise of the building or area where the incident has occurred/is occurring. The University will issue an alert to give students, faculty and staff as reasonably and timely as possible, notification of a crime that may represent a serious or ongoing threat to the campus community and to heighten safety awareness. A&M-SA PD will transmit a blast email containing the timely warning to the University Community as a blast email using the Jag-E Alert System in Outreach Mode. Updates to the A&M-SA community about any particular situation may be distributed electronically in the same manner. A&M-SA PD social media sites, university websites and public University monitors may be used as well.

Anyone with information warranting a timely warning should immediately report the circumstances to the A&M-SA PD, by phone at (210) 784-1900 (non-emergency), (210) 784-1911 (emergency), by using the SafeZone App or in person at Room 120 – Frank L. Madla Building, One University Way, San Antonio, Texas, 78224.

More information can be found by visiting our [website](#) and the [Annual Security Report and Fire Safety Report](#).

You can also use the Blackboard My Connect App to add cell phones and other email addresses.

8.9.2 MISSING STUDENTS

If a person has reason to believe that an on-campus resident student is missing, they should immediately notify A&M-SA PD at (210) 784-1911.

If a non-resident (resides off campus) student is reported missing to university personnel, A&M-SA PD will notify the proper law enforcement agency, within 24 hours, and assist with the investigation. If the student is under 18 years of age and is not an emancipated individual, A&M-SA PD will notify the student's parent or legal guardian and emergency contact(s), as designated in the records of the university, immediately after determining that the student has been missing for 24 hours.

All students have the option to identify an emergency contact person(s). This contact information will be confidential and accessible only to authorized university officials and law enforcement personnel involved in an emergency response. Students residing in on-campus housing have the option to identify a missing person contact and an emergency contact person with Student Housing.

The Code of Student Conduct shall be reviewed annually under the direction of the AVP/DOS and with the approval of the Vice President for Student Affairs. In keeping with normal University policy approval processes, the Code of Student Conduct and Student Handbook may, at the sole discretion of the University, be amended at any time. The newest version of the Code of Student Conduct, maintained online, is the official document regarding student conduct policies, procedures, rules, and regulations.

9.2 JURISDICTION

The Code of Student Conduct establishes standards of behavior, both scholastic and behavioral, for the student body of A&M-SA. The Code of Student Conduct applies to both on, and off-campus conduct and events of all students and student organizations. Students involved in study abroad are also subject to this code. When a student is alleged to have violated the Student Conduct Code, the University reserves the right to investigate and adjudicate. Action may be taken for either university affiliated or non-affiliated activities.

Individuals who withdraw from the University during the student conduct process are still considered students.

Action taken by Student Rights and Responsibilities does not preclude prosecution in the criminal courts. Similarly, prosecution in the criminal court does not preclude action taken by the University.

Texas A&M University-San Antonio holds student safety as the number one priority. In order to ensure that students are able to call for help when needed, Student Rights and Responsibilities may not issue charges under the Code of Student Conduct for alcohol possession or consumption by a minor in certain circumstances. This amnesty may be applied when a student is the first person to contact emergency personnel (911 or 1911 if on campus), remains on the scene until medical personnel arrives, and fully cooperates with EMS and law enforcement. Charges may still be filed if other code allegations and/or violations of law occurred.
2. **Amnesty for Students Reporting Sexual Misconduct:** In 2017, the Texas Legislature passed a law providing amnesty for students who report incidents of sexual misconduct. Students who, in good faith, report to the institution being a victim of, or a witness to, an incident of sexual harassment, sexual assault, dating violence, or stalking may be provided amnesty regarding other potential code violations occurring at or near the time of the incident, including, but not limited to, underage alcohol consumption and use of illegal drugs. Amnesty does not apply to a student who reports their own commission or assistance in the commission of sexual harassment, sexual assault, dating violence, or stalking. For additional information, please contact the Title IX Coordinator.
3. **Amnesty for Students Reporting Hazing:** Students who, in a good faith effort, report to the institution being a victim of, or witness to, an incident of hazing may be provided amnesty regarding other potential conduct violations relating directly to the incident(s) of hazing, including, but not limited to, underage alcohol consumption and use of illegal drugs. Amnesty does not apply to a student who reports their own commission of hazing.

Title IX, other sex-based misconduct allegations, and all other civil rights cases are governed by University Rule [08.01.01.01](#) and Texas A&M University System Regulation [08.01.01](#).

The Associate Vice President and Dean of Students, under the direction of the Vice President for Student Affairs, shall develop policies for the administration of the conduct program and procedural rules for the conduct of conferences which are consistent with the provisions of the Code of Student Conduct. Subject to any applicable appeal, decisions made by Student Conduct (Rights and Responsibility) Officer or designee are final.

9.6.1 STUDENT CONDUCT PROCEDURES

Any student whose conduct has been called into question by any member of the University community or who is alleged to have violated the Code of Student Conduct will be notified of the charges by university email by Student Rights and Responsibilities.

Students at any time may request a copy of the Code of Student Conduct to use as guidance or visit Student Rights and Responsibilities for more information. It can also be found [online](#), available to students 24/7.

When a complaint is filed, the student or organization named in the complaint will be asked to appear before the Student Conduct (Rights and Responsibilities) Officer or designee who will conduct an investigative meeting to discuss the alleged violation(s) and possible sanction(s). The University will respond to complaints in a prompt and equitable manner. Resolution of complaints should be completed as quickly as practicable, but within 60 business days from the date of the original complaint. Reasonable extensions can be made for extenuating circumstances and require the approval of the Associate Vice President and Dean of Students, or designee.

University students do not surrender their individual rights as guaranteed to them by the United States and Texas Constitutions upon enrollment into Texas A&M University-San Antonio. These include the right to a fair process. The purpose of the University disciplinary system is educationally based and is to determine if a student has engaged in misconduct and failed to accept responsibility for their action, to communicate this failure to the student involved and to permit the student to respond, to determine an appropriate response by the University, and to assist the student to arrive at a constructive response.

The Vice President of Student Affairs, or designee, may take immediate interim disciplinary action (as stipulated in section 9.5) when they believe that the presence of a student on campus poses a continuing danger to persons or property or presents a threat of disrupting the academic process. An administrative hearing will be scheduled as soon thereafter as practical. For more information on interim suspension, see section [9.5](#) above.

9.6.2 STANDARD OF PROOF: PREPONDERANCE OF THE EVIDENCE

The standard of proof required at Texas A&M University-San Antonio in a University disciplinary case is a preponderance of the evidence.

9.6.3 STUDENT CONDUCT HEARING PROCESS

A University hearing is not a trial in a court of law. The process is intended to be educational, not adversarial.

A student alleged to have engaged in misconduct shall have the right of fair process as delineated in this code. Except in the case of an immediate interim suspension of a student for exigent circumstances, the student is entitled to:

1. A written copy of the charge(s). In most cases, notification must be at least five business days before any hearing may proceed.

2. A written handout notifying the students of their rights.
3. A fair and impartial hearing. The hearing officials must not have a conflict of interest or bias for or against any party.
4. Reasonable access to review the case file, which shall be maintained by the University official adjudicating the matter (i.e., the hearing officer or designee from Student Rights and Responsibilities).
5. An opportunity to present evidence and witnesses and be accompanied by one advisor of their choice at a hearing. An advisor may be present, but is not permitted to represent any student at a University hearing, to present the case, or to question any parties, witnesses, or hearing officers, with the exception of Title IX and sex-based misconduct cases (see [08.01.01 4.2.11\(b\)](#) for more information). Requests for an advisor to be present must be submitted in writing, must include the requested advisor's name and contact information, and must be submitted a minimum of three (3) business days before the scheduled hearing.
6. Students who are charged in the same fact pattern are not eligible to serve as an advisor at conduct proceedings.
7. Be present at the hearing during the presentation of any evidence or material on which the decision will be based. If the student fails to attend the scheduled hearing, the hearing will be held in the student's absence.
8. Refuse to answer any question or to make a statement without inference of guilt. However, the hearing officer/body will decide on the basis of evidence available at the time of the hearing.
9. Ask questions of anyone presenting oral testimony during a hearing relating to the incident except cases adjudicated as Title IX or sex-based misconduct. See TAMUS Regulation [08.01.01](#) Section 4.2.10(p)(iv).
10. Notice of the findings of the investigation and/or hearing, an explanation of the hearing decision, any sanctions assessed, and, if applicable, the next level of appeal.
11. Right to appeal the decision in writing through the appropriate administrative officer within five business days of notification of the decision. The appeal must be in writing and must specify the permissible reason(s) for the appeal.

Title IX of the Education Amendments of 1972 is a federal civil rights law that prohibits discrimination on the basis of sex in any educational programs and activities at schools that receive federal financial assistance. Some key areas in which recipients have Title IX obligations are recruitment, admissions, and counseling; financial assistance; athletics; sex-based discrimination and harassment; treatment of pregnant and parenting students; discipline; single-sex education; and employment.

Faculty and staff of the university are required to report such incidents under state law.

Texas A&M University-San Antonio will promptly and thoroughly investigate all complaints of sex discrimination, harassment, and/or related retaliation in accordance with applicable federal and state laws, The Texas A&M University [System Policy 08.01](#), The Texas A&M University [System Regulation 08.01.01](#), and university rules ([08.01.1.01](#)) and/or procedures.

Texas A&M University-San Antonio prohibits physical abuse, threats of violence, physical assault, and any form of sexual harassment, sexual violence, or other sex-based misconduct, including, but not limited to, sexual assault, domestic violence, dating violence, and/or stalking based on sex. In addition, such acts of sexual violence are considered forms of sexual harassment covered under Title IX of the Education Amendments of 1972 and related regulations.

9.8.1 HOW TO REPORT

If you have experienced, observed, or heard that a member of the university community has been subjected sexual harassment, including sexual assault, dating violence, domestic violence, and stalking based on sex or sex-based misconduct, discrimination, and/or retaliation, by a university student, faculty, staff member, or third party, you should report it. Those involved in the administration of civil rights and sex-based misconduct complaints receive annual training related to dating violence, domestic violence, sexual assault, and stalking and training on conducting investigations and resolutions to ensure consistency, fairness, and transparency.

Students are strongly encouraged, but not required, to report incident(s) promptly to the university's designated Title IX Coordinator.

With the exception of licensed counselors in the Student Counseling Center and trained Victims' Advocates, university employees informed of possible civil rights or Title IX incidents must advise

the reporter that they cannot keep the information confidential and are required to report it immediately to the Title IX Coordinator or a Deputy Coordinator.

9.8.4 CONFIDENTIALITY

Persons reporting information, seeking guidance, or filing a complaint may be concerned about the confidentiality of the information they are sharing. While the University strives to create an environment in which individuals feel free to discuss concerns and make complaints, the University may be obligated to take action when alleged or suspected discrimination, sexual harassment, and/or related retaliation is experienced, observed by, or made known to an employee (with the exception of licensed counselors in the Student Counseling Center and trained Victims' Advocates). Reports of possible violations will be kept private to the greatest extent possible, subject to the need to maintain a safe work and educational environment and in accordance with state and federal law.

An individual's request to withhold their name, or the name of the alleged violator will be considered in the context of the university's duty to provide safe and nondiscriminatory work and education environment. This may require the university to take action when the reporter requests no action, if violence is involved, if the threat of violence exists, or when required by law. A request to withhold information or not to investigate the alleged misconduct may limit the university's ability to respond to a complaint.

9.8.5 CONFIDENTIAL RESOURCE

The Title IX Coordinator will provide all parties involved a written information pamphlet on rights and options and, with consent, will call the Crime Victim Advocate to assist with other resources and information. 9.9 DISCIPLINARY PROCEDURES IN CRIMES OF DATING VIOLENCE, DOMESTIC VIOLENCE, STALKING, SEXUAL ASSAULT, AND SEX-BASED MISCONDUCT

Texas A&M University-San Antonio is governed by The Texas A&M University System Regulation 08.01.01 *Civil Rights Compliance* for the investigation and resolution of incidents involving sexual harassment, sexual assault, and dating violence, domestic violence, and stalking based on sex.

9.9.1 STANDARD OF PROOF: PREPONDERANCE OF THE EVIDENCE

The standard of proof required for a policy violation finding at Texas A&M University-San Antonio in civil rights cases is the preponderance of the evidence. This means what is more likely than not to be true, based on the totality of the available evidence.

9.9.2 RIGHT OF DUE PROCESS

A student alleged to have engaged in an incident of sexual harassment, sexual assault, and/or dating violence, domestic violence, and/or stalking based on sex shall have the right to a fair and due process.

For more information see University Rule [08.01.01.01](#) *Civil Rights Compliance* and Texas A&M System Regulation [08.01.01](#) *Civil Rights Compliance*.

9.9.3 CONDUCT PROCEEDINGS GUIDELINES

In all cases, the Title IX process will be conducted in accordance with The Texas A&M University System Regulation [08.01.01](#) and accompanying Appendix C - Sanctioning Matrix for Sex-Based Harassment by Students in The Texas A&M University System, as well as Texas A&M University-San Antonio Rule [08.01.01.01](#). In all cases, the process is conducted in a consistent, impartial, and transparent manner.

9.10 SANCTIONS

Student Code of Conduct sanctions are categorized as active and inactive. Only one inactive sanction can be given in any disciplinary proceeding to a respondent, in combination with active sanctions. Sanction(s) may be assigned to a student after being found in violation of the Code of Student Conduct. Failure to comply with assigned sanctions may result in further Code violations and additional sanctions. Failure to comply with attending a conduct hearing or completing assigned sanctions may lead to a hold being placed on a student's account, limiting future course registration.

Students retain responsibility for all financial obligations incurred including, but not limited to, tuition, fees, and housing, regardless of the outcome of the disciplinary/-academic hearing.

The following may be considered in determining appropriate sanctions:

- The nature of the violations
- The student's role in the incident
- The impact on the University community
- Past conduct
- The student's current conduct status
- Prior sanction outcomes in similar cases

For violations involving sexual harassment or sexual misconduct, the [Sanctioning Matrix for Sex-Based Harassment](#) by Students in The Texas A&M University System will be used. The results of any disciplinary hearing conducted by the university and any sanctions will be sent simultaneously in writing to both parties.

The sanctions listed below are not exhaustive, but merely serve as guidelines and may be levied in any combination, with the exception that only one inactive sanction can be issued to a respondent in any disciplinary hearing.

9.10.1 PRIMARY/INACTIVE SANCTIONS

Expulsion

The permanent removal of the student from the university, with no ability to return to the academic community at any point in the future. Such sanctioning is reserved for cases in which the level of threat posed by the student and their conduct are so severe that it represents too great a risk to allow the person to return, and/or when the ongoing refusal of the student to live within the norms of the community is so pervasive that there is no reasonable belief that the person would submit themselves to community expectations in the future. This sanction can be used for the final determination of an institutional disciplinary proceeding for sex offenses or Title IX violations. Upon expulsion from the University for cause, there will be no refund of tuition and fees. The balance due will be considered receivable.

Dismissal

Separation of the student from the University for an indefinite period of time. Re-enrollment in the University may be possible in the future, but no specific time for a decision is established. Dismissal prohibits entry into university premises for class or affiliated events for any reason, and an individual may be issued a Criminal Trespass Warning. A notation of the conduct violation will be made on the student's academic transcript. This sanction can be used for the final determination of an institutional disciplinary proceeding for sex offenses or Title IX violations. Upon dismissal from the University for cause, there will be no refund of tuition and fees. The balance due will be considered receivable.

Suspension

The removal of the student from the university for a minimum period of time, as well as the attachment of conditions for the person to satisfy before being allowed to return to the academic community.

Once a student is eligible to return, conditions for review of re-enrollment may apply. Suspension prohibits entry onto university premises for class or affiliated events for any reason, and an individual may be issued a Criminal Trespass Warning. A suspended student may not reside in on-campus housing and will be considered "not in good standing" with the university. A notation of the conduct violation will be made on the student's academic transcript. This sanction can be used for the final determination of an institutional disciplinary proceeding for sex offenses or Title IX violations. Upon suspension from the University for cause, there will be no refund of tuition and fees. The balance due will be considered receivable.

Housing Eviction

Permanent separation of the student from University on-campus residence facilities. A student who is removed from university owned/operated property as the result of this sanction may be required to pay the full room charge and any other fees that are owed as stipulated in the housing contract. Eviction prohibits entry into university owned/operated residential property for any reason, and an individual may be issued a Criminal Trespass Warning. Individuals who violate this sanction may be arrested and/or additional charges filed against them under the Code of Student Conduct.

This sanction can be used for the final determination of an institutional disciplinary proceeding for sex offenses or Title IX violations if there are significant mitigating factors.

Restricted Access

Restricting or banning from entering certain designated areas, using specific equipment, and/or participating in certain academic and non-academic activities as defined by the Student Conduct Officer or designee for a specified period of time. Restricting or banning may include, but is not limited to, access to a University owned or operated facility and/or services, academic related programs and/or opportunities, internships, access to on-campus housing, participation in University-sponsored activities, and/or contact with a specified University community member(s).

This sanction can be used for the final determination of an institutional disciplinary proceeding for sex offenses or Title IX violations if there are significant mitigating factors.

Deferred Suspension

The sanction of suspension may be placed in deferred status. If the student is found in violation of any University rule during the time of deferred suspension, the suspension takes effect immediately without further review. Additional student conduct sanctions appropriate to the new violation also may be taken. A student who has been issued a deferred suspension sanction is deemed “not in good standing” with the University. A student who is not in good standing is subject to the following restrictions:

1. Ineligibility to hold an office in any student organization recognized by the University or to hold any elected or appointed position within the University.
2. Ineligibility to compete in intercollegiate athletic or intramural activity.
3. Ineligibility to receive a University-administered scholarship or fellowship when the sanction is in place for longer than one semester.

This sanction can be used for the final determination of an institutional disciplinary proceeding for sex offenses or Title IX violations if there are significant mitigating factors.

Deferred Housing Eviction

The temporary or permanent delay of eviction from university owned/operated property for the continuation of the signed housing contract. If a student is found responsible for violating any policies while on deferred status, the student will be evicted from the residence hall. See Housing Eviction for further information.

Conduct Probation

An official warning that the student’s conduct is in violation of Texas A&M University-San Antonio Student Rules, but it is not sufficiently serious to warrant expulsion, dismissal, or suspension. A student on conduct probation is deemed “not in good standing” with the University. This sanction includes the same restrictions listed under Deferred Suspension.

This sanction can be used for the final determination of an institutional disciplinary proceeding for sex offenses or Title IX violations if there are significant mitigating factors.

Conduct Review

An official warning that the student's conduct is in violation of Texas A&M University-San Antonio Student Rules, but it is not sufficiently serious to warrant expulsion, dismissal, suspension, or conduct probation. A student on conduct review shall have their conduct under review for a specified period of time.

This sanction may require regular meetings with an appropriate official to ascertain and evaluate compliance with student rules. Additional restrictions or conditions also may be imposed, depending on the nature and seriousness of the misconduct. Students placed on this sanction remain in good standing with the University. If there is a finding of responsibility for subsequent violations of the student rules during this period of time, more severe sanctions will be administered.

This sanction can be used for the final determination of an institutional disciplinary proceeding for sex offenses or Title IX violations if there are significant mitigating factors.

Letter of Enrollment Block

A letter stating that the student may not re-enroll in Texas A&M University-San Antonio without prior approval by Student Rights and Responsibilities or the Vice President for Student Affairs, if enrollment has been blocked for a previous student conduct violation.

This sanction can be used for the final determination of an institutional disciplinary proceeding for sex offenses or Title IX violations if there are significant mitigating factors.

Letter of Reprimand

A letter that makes a matter of record any incident that reflects unfavorably on the student or the University.

This sanction can be used for the final determination of an institutional disciplinary proceeding for sex offenses or Title IX violations if there are significant mitigating factors.

Warning

A formal written admonition that the student has violated the Code of Conduct. Any future violations will subject the student to further conduct proceedings.

9.10.2 SECONDARY/ACTIVE SANCTIONS

Community/University Service

A student may be offered an opportunity to complete a specified number of hours of community/University service.

Educational Requirements

A provision to complete a specific educational requirement directly related to the violation committed. The provision will be clearly defined. Such educational requirements may include, but are not limited to, completion of an AlcoholEDU for Sanctions online course, educational and awareness workshops, essays, reports, meetings, etc.

Academic Sanctions

Appropriate academic sanctions are based upon specifics of an academic misconduct incident. The provision will be clearly defined during the Academic Misconduct process. Such academic requirements may include, but are not limited to, plagiarism coursework, educational workshop, etc.

Restrictions

The withdrawal of specified privileges for a definite period of time, but without the additional stipulations contained in the imposition of conduct probation. The restrictions involved will be clearly defined.

Restitution

This sanction can be used for the final determination of an institutional disciplinary proceeding for sex offenses or Title IX violations.

Loss of Parking Privileges on Campus

Revocation of campus vehicle registration; and forfeiture of permit and all refund rights to said permit.

9.11 DISCIPLINARY APPEAL PROCESS

The following disciplinary appeals process is for non-civil rights and Title IX cases.

For civil right and Title IX cases, please see Texas A&M University-San Antonio Rule [08.01.01.O1](#).

9.11.1 TIMING

Students have five (5) business days from the date the outcome notice is sent from Student Rights and Responsibilities regarding the violation report and sanction to submit a written appeal. All conduct violations are subject to appeal if they demonstrate the criteria described below.

Failure to meet for a conduct hearing or claiming to have not received the notifications in order to extend the appeal period will not be permitted. Appeals will be confined to a review of the written documentation and record of the investigation and/or hearing, and pertinent documentation regarding the grounds for an appeal. The appeal does not create an entitlement to a new investigation or a full re-hearing of the complaint. The appeal should be addressed to the Associate Vice President and Dean of Students, or designee, and specific criteria for considering the appeal of the outcome must be met.

9.11.2 CRITERIA

There are four specific criteria that are a valid basis for requesting an appeal. One criterion or multiple criteria may be used in a single appeal.

1. A procedural irregularity that substantially affected the outcome.
2. New evidence, not reasonably available at the time the determination regarding responsibility or dismissal was made, that could have substantially affected the outcome. The new evidence must be provided at the time of appeal.
3. There was a conflict of interest or bias for or against complainant(s) or respondent(s) generally or the individual complainant or respondent that substantially affected the outcome.
4. The appropriateness or severity of the sanctions.

9.11.3 DECISIONS OF GRANTING AN APPEAL

After receiving the written request for an appeal, the Associate Vice President and Dean of Students, or designee, may:

1. Affirm the original finding and sanction;
2. Affirm the finding and modify the sanction; or
3. Remand the case to a new hearing or review.

After reviewing an appeal, the student will be informed of the decision. A notification outlining the outcome shall be sent to all applicable parties.

For cases of civil rights violations, both the complainant and respondent will receive simultaneous notification of the outcome. Following an appeal, the matter shall be considered final and binding on all parties involved, and the decision is final. Appeals based on suspension or expulsion will be assessed by the Vice President of Student Affairs or designee for consideration of readmission to the University.

9.11.4 DISCIPLINARY RECORDS AND HOLDS

Student Rights and Responsibilities will place a hold on a student's University record while one or more of the following are pending: disciplinary proceedings, expulsion, outstanding sanctions, dismissal, separation, suspension, deferred suspension, conduct probation, and/or interim suspension. Failure to comply with assigned sanctions may result in additional Code violations and possible additional sanctions. The hold will remain on the student's account until sanction(s) are completed.

Note: Registration holds prevent students from registering for or dropping classes

9.11.5 TRANSCRIPT NOTATIONS

When a sanction of suspension, dismissal, or expulsion from campus is imposed as a result of a violation of the Code of Student Conduct, a notation may be made on the student's academic transcript.

Notations for expulsion, dismissal, and suspension of one semester or greater will remain on student transcripts and may only be removed upon request by the student if (a) the student is eligible to reenroll in the institution (i.e., suspensions and dismissals only), or (b) the institution determines that good cause exists to remove the notation.

If a student withdraws or graduates from the member university pending the resolution of a sexual harassment or sexual misconduct case, the process will continue, and the University will not issue a transcript on behalf of the student until the conclusion of the process.

9.12 CLASSROOM CONDUCT

Texas A&M University-San Antonio supports the principle of freedom of expression for both instructors and students. The University respects the rights of instructors to teach and students to learn. Maintenance of these rights requires classroom conditions that do not impede their exercise.

Classroom behavior that seriously interferes with either

1. the instructor's ability to conduct the class, or
2. the ability of other students to profit from the instructional program will not be tolerated.

An individual engaging in disruptive classroom behavior may be subject to disciplinary action. When a student's behavior in a class is so disruptive as to compel immediate action, the instructor has the authority to remove a student from the class on an interim basis, pending an informal hearing on the behavior. A student who has been removed from a class on an interim basis is entitled to an informal hearing before the head of the department offering the course within five (5) working days of the removal.

The Department Chair may either:

1. Approve an agreement of expectations between the student and the instructor and reinstate the student to the class; or
2. Extend the removal of the student from the class and refer the case to the Student Rights and Responsibilities for adjudication.

A copy of all material sent to Student Rights and Responsibilities should be provided to the instructor's academic dean or designee, and to the student's academic dean or designee.

When a student action is not so serious as to require immediate removal from the class, these steps are to be followed:

1. The instructor responsible for the class or activity where the alleged disruptive behavior occurred should inform the student that their behavior has been inappropriate. The instructor

should describe to the student specific needed changes in the student's behavior. The student will be provided an opportunity to modify their behavior in accordance with the changes identified. The instructor will provide the student with a written, dated summary of their discussion with the student, and the instructor will retain a file copy of this summary.

2. If a student believes the instructor's expectations are unreasonable, they may confer with the instructor's Department Chair about this matter. The Department Chair may choose to support the guidelines developed by the instructor, or they may work with the instructor to develop a modified set of expectations. If there are changes in the instructor's original set of expectations, a signed and dated copy will be provided by the Department Chair to both the student and the instructor.
3. Should a student's behavior continue to be unacceptable, the instructor will apprise their (the instructor's) Department Chair of what has occurred and will share with the Department Chair the written summary of the discussion with the student. The department head may wish to initiate additional discussion with the instructor and/or the student. If the Department Chair concurs with the instructor's view that the problem has not been resolved, the situation may be referred to Student Rights and Responsibilities. A case can be created through the [Maxient Reporting System](#). A description of the student's behavior, as well as a written summary of the instructor's discussion with the student and any other related material, should be forwarded to Student Rights and Responsibilities for adjudication. A copy of all material sent to Student Rights and Responsibilities should be provided to the instructor's academic Dean or designee and to the student's academic Dean or designee.

9.13 GRADE APPEALS

Instructors are responsible for determining the curriculum of a course, for developing appropriate methods of evaluating student learning, for evaluating fairly, for upholding academic standards, and for enforcing policies concerning academic honesty. Decisions made by instructors regarding the quality or honesty of student work – especially decisions about course grades – are, as a matter of routine, accepted as authoritative and cannot be overturned by administrative officers. Students, however, have a right to expect instructors to have defensible course policies and to implement them in a reasonable, equitable manner.

Students who believe that they have grounds for challenging an instructor's decision regarding academic issues – excepting those pertaining to matters of academic freedom – may appeal using the procedure outlined below.

Note: If a student wishes to dispute a course grade due to violations of academic misconduct, they must go through the Academic Misconduct Process only.

Except under unusual circumstances, the entire process outlined below should be completed within 30 days from the student's request for an explanation of the grade or, for final grades, within 30 days from the date the grade was posted to the student's transcript. Grade changes will not be accepted after one academic year.

The process is as follows:

1. The student should first write an email to the instructor to request an explanation of their reasons for assigning the grade. This begins the 30-day period for the entire process to be completed.
2. If the student is not satisfied with that explanation and wants to move forward with an appeal, the student must write a letter of appeal to the instructor stating clearly their objection to the grade received and requesting a different grade. This letter should be submitted via email as soon as possible after the decision has been made.
3. If the instructor refuses to alter their decision or grade, the student may then submit a written letter outlining their objections to the instructor's Department Chair or immediate academic supervisor (hereafter, "Chair" will be used to mean either the Department Chair or the immediate academic supervisor). This letter should be submitted via email as soon as possible after the response from the instructor. If the Chair believes that the student's claims may have merit, the Chair will discuss the matter with the instructor.
4. If the student is not satisfied with the Chair's assessment of the issue, the student may then request a review of the decision by writing to the Academic Dean with direct oversight of the department. The decision of the Academic Dean is final.

9.14 ACADEMIC MISCONDUCT

Initiation of Action

When a faculty member believes that a student has committed academic misconduct, the faculty member should promptly notify the student to schedule a conference (e.g. in person, zoom, etc.). The faculty and student should meet to review the alleged misconduct, review the evidence, and allow the student the opportunity to respond.

Faculty Decision

If, after presenting the student with evidence of academic misconduct and allowing the student an opportunity to respond, the faculty member determines, based on all evidence available to them that an act of academic misconduct did occur, the faculty will advise the student of the determination and the sanction(s) to be imposed.

Academic sanctions, include but not limited to:

1. written reprimand;
2. redo of assignment;
3. additional work;
4. failing grade of assignment;
5. failing grade in course;
6. multiple academic sanctions.

The student must indicate either written acceptance or non-acceptance of the allegation(s) and sanction(s) imposed by the faculty member. The faculty member will promptly report the decision, via Maxient, to Student Rights and Responsibilities.

Appeal of Faculty Decision

The student may appeal to the Department/Program Chair (Chair). A request for an appeal hearing must be made in writing to the Chair within five (5) business days following notification of the faculty member's decision.

Appeal Procedure

A student may request an appeal, in writing, on the following grounds:

1. Insufficient evidence to support the decision;
2. An error that had a substantial impact on the decision;
3. Newly discovered information not available at the faculty-student meeting that would substantially impact the decision;
4. The sanction(s) imposed was too harsh;

The appeal must include a statement of the allegation(s), the grounds for the appeal, and any evidence in support of the appeal.

The Chair will review all evidence submitted by the faculty and student, and if deems necessary hold any appropriate meetings to gather additional information, and may:

1. dismiss the charge(s) of alleged misconduct;
2. uphold the faculty decision of alleged misconduct; or
3. modify the faculty decision of the alleged misconduct; and/or
4. modify the sanction(s) issued by the faculty.

The student must indicate either written acceptance or non-acceptance of the Chair's decision. The Chair will promptly report the decision, via Maxient, to Student Rights and Responsibilities.

Appeal of Chair Decision

An undergraduate student may appeal to the Academic Dean. A graduate student must appeal to the Dean of Graduate Studies. A request for an appeal hearing must be made in writing to the Dean within five (5) business days following notification of the chair's decision.

Appeal Procedure

A student may request an appeal, in writing, on the following grounds:

1. Insufficient evidence to support the decision;
2. An error that had a substantial impact on the decision;
3. Newly discovered information not available at the time of the appeal to the chair that would substantially impact the decision;
4. The sanction(s) imposed was too harsh;

The appeal must include a statement of the allegation(s) of misconduct the grounds for the appeal and any newly discovered evidence previously unavailable to the department/program chair. The

Dean will convene a hearing panel, who will make a recommendation on the appeal to the Dean. Each academic college will establish their own hearing panel process for panel composition and procedures. After reviewing all material available to them, to include the hearing panel recommendation, the Dean will decide.

The Dean may:

1. dismiss the charge(s) of alleged misconduct;
2. uphold the decision of alleged misconduct; or
3. modify the decision of the alleged misconduct; and/or
4. modify the sanction(s) issued.

The Dean's decision constitutes the final decision of the case. The Dean shall report the decision, via Maxient, to Student Rights and Responsibilities.

Multiple and Egregious Offenses

Faculty are responsible for reviewing each case of suspected academic misconduct within each of their courses. Student Rights and Responsibilities tracks all academic misconduct policy violations. For academic misconduct cases involving significant egregious offenses and/or repeated behavioral offenses, Student Rights and Responsibilities shall investigate separate from the faculty action. After a fair and impartial assessment of all of the information collected during the investigation, additional sanctions may be imposed

SECTION 10 STUDENT GRIEVANCE PROCEDURES

10.1 INTRODUCTION TO GRIEVANCE PROCEDURES

Texas A&M University-San Antonio is committed to providing an educational climate that is conducive to the personal and professional development of each individual. In order to ensure that commitment, the university has developed procedures for students to pursue grievances within the university community, should such action become necessary.

10.2 GRIEVANCE PROCEDURE

Informal complaints may be filed, verbally or in writing, with offices across campus. The process to file a formal complaint, or grievance, is outlined below. The decision as to which procedure to utilize for a grievance filed by a student shall be made solely by the university and shall be based on the fact pattern of each particular case.

Due to their special nature, certain issues are handled by specially designated hearing bodies or offices. If a complaint specifically addresses sexual harassment, discrimination, employment, admissions, student conduct, parking citations, academic matters (such as grade disputes), and disability accommodations, then the complaints and grievances must go through established university procedures.

For more information visit our [website](#).

10.3 STEPS FOR REDRESS OF A NONACADEMIC STUDENT GRIEVANCE

Students with an issue of a nonacademic matter are encouraged to first attempt to resolve any issues when they arise with any appropriate offices or parties involved. This procedure provides students with a process for addressing complaints not addressed by other established complaint procedures. Open communication between students and employees is encouraged so that the formal nonacademic complaint procedure is not necessary. Students found to have intentionally made false or materially misleading allegations under this procedure will be subject to discipline in accordance with the Code of Student Conduct. Students shall have protection from retaliatory action based upon the filing of a complaint and/or participation as a witness.

Step 1:

Students are encouraged to attempt to resolve complaints informally with the employee to facilitate resolution of their concerns and/or complaint.

Step 2:

If a satisfactory resolution cannot be found at the student-employee level, or if the employee is unavailable or no longer with the university, the student shall submit the complaint in writing within five (5) business days of the incident or after attempted resolution to the appropriate employee supervisor. Complaints against supervisors will be submitted directly to the next level supervisor in the leadership command. Students can find a list of departments contact information at the Student Handbook, [online](#), or by calling the \Student Rights and Responsibilities. Student can file a report [via the online reporting system](#) to help facilitate the process. Maxient is the University's application for submission and tracking of incident reports related to concerning behavior, misconduct, and any general incidents.

The complaint should be as specific as possible and use the following guideline:

1. Identify the specific nature of the nonacademic grievance.
2. Explain the grounds for the nonacademic grievance and whether the basic justification for it is based on a claimed violation of a university rule, policy, or established practice.
3. The name of the employee whose decision and/or action is being disputed (if known), the dates of occurrence, and the name, current address, and phone number of the complainant.
4. Attach any supporting documents or evidence and/or names and contact information of witnesses.
5. The resolution sought (i.e., explain how you would like to see it resolved).

*Complaints of discrimination and harassment based upon a protected category do not follow the above grievance process.

The department supervisor will review and resolve the complaint within 15 business days. Circumstances may warrant extensions to the timeframes in this section. The appellate authority, as appropriate, should send extension requests, if needed, to the office or individual(s) who appointed them. Both the complainant(s) and the respondent(s) must be notified of any extensions in writing. The complexity of the complaint may warrant an extension to the review as well. The department supervisor may, at their discretion, meet with the student and/or any other parties involved if deemed

appropriate. The student will be notified in writing through their university email address of the final resolution.

Upon completion of the resolution, the department supervisor will inform their respective supervisor and the Human Resources, as appropriate. All records will be kept in a confidential file.

Step 3:

If a student believes that the matter is not satisfactorily resolved, the student has the right to submit a formal written appeal request to the department supervisor's supervisor within five (5) business days from the date the resolution was sent from Step 2 of the nonacademic student grievance process.

There are three specific criteria that are a valid basis for requesting an appeal. One or multiple criteria in a single appeal may be used.

1. A procedural irregularity that substantially affected the outcome.
2. New evidence, not reasonably available at the time the determination regarding responsibility or dismissal was made, that could have substantially affected the outcome. New evidence must be provided at the time of appeal.
3. The appropriateness or severity of the sanctions.

The department supervisor's supervisor will review and resolve the appeal within 15 business days. The department supervisor may, at their discretion, meet with the student and/or any other parties involved if deemed appropriate. The student will be notified in writing through their university email address of the final resolution.

Upon completion of the resolution, the department supervisor will inform their respective supervisor, and inform Human Resources as necessary. All records will be kept in a confidential file.

The decision at Step 3 is final.

University disciplinary charges may be pursued against any student alleged to have violated Texas A&M System Policies and Regulations, University Rules and Procedures, University Code of Conduct, and/or local, state and federal laws concerning controlled substances. Violations of any local, state or federal law pertaining to controlled substances that occur off campus and are not associated with a university- connected activity may result in disciplinary charges in situations in which the continued presence of the individual on campus is likely to interfere with the educational process and the orderly operation of the University. University disciplinary proceedings will be in accordance with procedures outlined in the Code of Student Conduct. See section [11.1.5](#) for more information on alcohol and drugs/controlled substance rule.

Voluntary admission to a substance abuse treatment program prior to the issuance of charges may be looked upon favorably in disciplinary cases. Disciplinary action in cases involving drug-related violations may result in Housing eviction, suspension, dismissal or expulsion from the University, depending on the nature and seriousness of the case. Participation in a substance abuse education or treatment program may be required in addition to other sanctions. Any disciplinary action imposed by the University may precede and be in addition to any penalty imposed by an off-campus authority.

The Student Organization Responsibility for Alcohol and Drug-Free Rule provides that any student organization functioning at the University which knowingly permits or authorizes the sale, distribution, serving, possession, consumption, or use of marijuana, a controlled substance, alcohol, or a dangerous drug when such sale, distribution, serving, possession, consumption, or use is not in compliance with the laws of this state, shall have its recognition as a student organization withdrawn and shall be expelled from campus for a minimum of a calendar year from the year of determination of guilt. The organization shall also be prohibited from the use of all property and facilities of the university with which it is affiliated. These disciplinary actions are subject to administrative review and hearing procedures as are provided in the code.

11.1.9 TRAVEL POLICY AS APPLIED TO DRUG-FREE CAMPUS POLICY

Students should be aware that they are responsible for abiding by the Drug-Free Campus Policy and they may be held liable, both civilly and criminally, in the case that they are found in violation. When students travel, they should know that their point of destination is considered an extension of the campus. Violations occurring off campus will be treated the same as if the violations occurred on campus. All students participating in extra-curricular travel are required to complete the necessary travel forms prior to departure and return them to Student Life. These forms are available in Student Life and JagSync. This policy also includes study abroad trips, as a student is an extension of the campus and must abide by all Code of Conduct rules.

11.1.10 GOOD SAMARITAN POLICY

The health and safety of each and every student is everyone's first priority at Texas A&M-San Antonio. We want all students to take responsibility and to be empowered to respond to potentially dangerous medical situations without fear of reprisal from the University. The University encourages all students to seek immediate medical attention for themselves or others when there may be a medical emergency even if they have been drinking alcohol or using other drugs.

Seeking medical assistance will be considered a responsible act and not deserving of arrest or disciplinary action. This protection is not available to students who also violate some other University policy that warrants sanctions such as being disruptive or combative, refusing treatment, committing assault or committing property damage.

When a person's health or safety is threatened or appears to be at risk from alcohol or drug consumption these are the steps to follow:

1. Call 911
2. Call the University Police Department – 210-784-1911
3. Seek assistance from a resident assistant (RA) or the residence hall director

The University takes seriously these threats to health and safety. As a result, any student for whom assistance is sought will be required to meet with Student Rights and Responsibilities or Student Housing and complete an appropriate educational assessment/course/sanction. Parents of students may also be notified. The student who called for medical assistance for another student may also be referred to this program.

In the event that a student incurs any alcohol or drug related violation during the twelve-month period following application of the Good Samaritan Policy, this report may be reviewed as part of the sanctioning process but will not be counted as a prior alcohol offense for the purpose of imposing mandatory minimum sanctions.

Students are eligible to use this policy on more than one occasion and students are always strongly encouraged to report medical emergencies. The health and wellness of our students is our highest priority when determining an appropriate response. Repeated incidents will be reasons for further concern and these cases will be dealt with on an individual basis.

It is the hope of the University that students will use this Good Samaritan Policy as an opportunity to learn from a serious mistake and take healthy steps to avoid such mistakes in the future.

11.5 HAZING

Hazing is a criminal violation under Texas law. A person may be found guilty of criminal conduct for hazing, encouraging hazing, permitting hazing, or having knowledge of the planning of hazing incidents and failing to report in writing his/her knowledge to the Associate Vice President and Dean of Students.

Students who, in good faith effort, report to the institution being a victim of, or witness to, an incident of hazing may be provided amnesty regarding other potential code violations, including, but not limited to, underage alcohol consumption and use of illegal drugs. Amnesty does not apply to a student who reports their own commission of hazing. Both failing to report hazing and hazing that does not result in serious bodily injury are Class B misdemeanors. Hazing those results in serious bodily injury is a Class A misdemeanor. Hazing resulting in a death is a state felony. An organization found guilty of hazing may be fined \$5,000 to \$10,000 or, for incidents causing personal injury or property damage, an amount which is double the loss or expenses incurred because of the hazing incident.

This state law does not limit or affect an education institution's right to enforce its own penalties against hazing. The Education Code defines hazing as "any intentional, knowing, or reckless act occurring on or off the campus of an educational institution by one person or acting with others,

directed against a student, that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in an organization.” The statute contains a list of conduct which constitutes hazing.

Examples of hazing include, but are not limited to:

1. Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking, placing of a harmful substance on the body, or similar activities;
2. Any type of physical activity that subjects the individual to risk or harm or that adversely affects the mental or physical health or safety of an individual, such as sleep deprivation, exposure to the elements, confinement in a small space, calisthenics, etc.;
3. Any activity involving the large and/or unreasonable consumption of food, liquid, alcoholic beverages, drugs, or other substance which subjects the individual to risk of harm, or which adversely affects the mental or physical health or safety of the person;
4. Any activity that intimidates or threatens the person with ostracism; subjects the individual to mental stress, shame, or humiliation; or adversely affects the mental health or dignity of the individual;
5. Any activity that induces or requires the student to perform a duty or task which involves a violation of the Penal Code.

If a student has firsthand knowledge of the planning or occurrence of a specific hazing incident, the student must report it, or the student will have committed a hazing offense.

Report any incidence of hazing to Student Rights & Responsibilities [online](#).

11.6 HIV/AIDS

Texas A&M University-San Antonio will not use a person’s HIV status to make employment or admission decisions nor to determine how services are delivered, except as allowed by state or federal law. The University will not ask students if they are HIV infected. HIV positive students are allowed to attend class without restriction as long as the students are physically and mentally able to participate and perform assigned work and reasonably pose no health risk to others.

11.7 CAMPUS PARKING

All students, faculty, and staff who operate a motor vehicle on campus must register their vehicle with Parking & Transportation Services and obtain a University permit before they can park their vehicle on University property. Students, faculty, and staff are expected to pay parking violations as outlined in the Financial Obligations section.

For more information on parking regulations, purchasing a parking permit, or violation appeals, please visit the Parking and Transportation [website](#).

11.8 NON-MOTORIZED VEHICLES

Pedestrians have the right of way at all times. Bicycles are permitted on campus; however, they must yield the right of way to pedestrians and must be parked in bicycle racks available throughout campus. Bicycles are not permitted inside University buildings. Other non-motorized vehicles

including, but not limited to, skateboards, roller skates, and in-line roller blade skates may not be operated on any of the sidewalks or driveways or in any building on the Texas A&M University-San Antonio campus.

11.8.1 HOVERBOARD POLICY

Due to safety concerns regarding spontaneous combustion and operator safety, Texas A&M University-San Antonio prohibits the use, possession, or storage of hoverboards including self-balancing boards/scooters, battery operated scooters, hands-free Segway, electric powered skateboards, and other similar equipment on the A&M-San Antonio campus and other off-campus properties controlled by the University. This policy applies to the grounds and all buildings.

11.9 ANIMALS ON CAMPUS

Animals are not allowed on campus at any time. The only exceptions are service and emotional support animals assisting individuals and for animals used for approved research. Research animals must be approved by the Director of Research Compliance. Students must receive approval from the Disability Support Services office before bringing an emotional support animal on campus.

For more information on the process and required documentation, please contact DSS at (210) 784-7335 or visit their webpage [here](#).

11.10 SOLICITATION

It is a violation for any person to solicit or sell products or services to individual students at any time on the property, campus, or grounds of Texas A&M University-San Antonio, except in those cases in which specific authorization has been extended by the Associate Vice President and Dean of Students.

11.11 FINANCIAL OBLIGATIONS

Students are expected to pay all financial obligations to the University when due. Failure to pay such obligations may result in the student being dropped from classes and/or excluded from final exams, withheld transcript and diploma, and/or prevention from further enrollment. Financial obligations include but are not limited to past due tuition, fees, or dining dollars charges, returned checks, returned check charges, lost or damaged library book charges, loss or breakage of instructional material or equipment, emergency loans or tuition installment loans, and/or parking violations. Delinquent accounts are in jeopardy of being sent to a collection agency where the collection fees are an additional charge incurred by the student.

11.12 VOLUNTARY OR INVOLUNTARY LEAVE POLICY

In cases in which a student leaves the institution, whether voluntarily or involuntarily, the University reserves the right to set a registration hold on the student account and place mandatory conditions upon the student's return. This may include, but is not limited to, an assessment by an outside provider and/or completion of disciplinary sanctions. Other criteria from other departments may be required as well, prior to the student's return to the University.

For questions pertaining to this section, please contact the Student Affairs.

11.13 ETHICSPPOINT HOTLINE

If you suspect fraud, waste, or abuse, you may call the Risk, Fraud, and Misconduct Hotline at (888) 501-3850 or file a report [online](#). A link to the hotline and electronic reporting option, called Risk, Fraud, and Misconduct, is also located at the bottom of the University home page. Both the EthicsPoint hotline and webpage allow you to submit an anonymous report of a potential concern.

The Risk, Fraud, and Misconduct Hotline is managed by EthicsPoint, an independent third party that is not part of The Texas A&M University System or intranet. EthicsPoint routes every report received to a designated A&M System institution or agency official for review and follow up. Please be aware that the EthicsPoint Hotline is **NOT** a 911 or emergency response service and should not be used to report an immediate threat to the members or property of our campus community.
