2.2 RING DAYS

The Ring Days pays homage to each student’s time at the University, including the hard work, sweet successes, and the indelible memories that will last a lifetime. The individualized ceremonies are filled with Jaguar pride as the University celebrates the many accomplishments of its students. On the eve of each ceremony, the class rings are stowed in the dome of the Central Academic Building (CAB). 5.9 **DISCLOSURE OF CAMPUS SECURITY POLICY & CRIME STATISTICS**

5.9.1 **EMERGENCY NOTIFICATION AND TIMELY WARNINGS VIA JAGE ALERT**

**EMERGENCY NOTIFICATIONS**

During an emergency situation, information will be released to the University community through the JagE Alert System. This is a system that quickly notifies registered users of campus emergencies through text messages, and emails. Students are able to include several telephone numbers and email addresses allowing notification to parents and/or spouse. Because JagE Alert uses data provided by the students, it is imperative that contact information remain up-to-date at all times. In emergency situations, the campus is also equipped with an outdoor speaker system that can broadcast direct commands and sounds to alert the campus to danger and ways to take necessary precautions.

The university is equipped with Mass Notification Systems and in the event of an emergency the university community may also be notified via external/internal audible alerts and visual alerts (flashing lights). Additionally, announcements can be made in buildings equipped with public address capability through the fire alarm system and an exterior loudspeaker notification system provides direct commands and sounds that alert the campus to danger and ways to take necessary precautions. A warning will include a tone and a set of instructions indicating the type of emergency and the type of response to take depending on the situation.

**TIMELY WARNINGS**

In the event a situation arises on campus, that, in the judgment of the Chief of A&M-SA PD or designee constitutes a serious or continuous threat, a university-wide “timely warning” will be issued. It will advise of the building or area where the incident has occurred/is occurring. The University will
issue an alert to give students, faculty and staff as reasonably and timely as possible, notification of a crime that may represent a serious or ongoing threat to the campus community and to heighten safety awareness. A&M-SA PD will transmit a blast email containing the timely warning to the University Community as a blast email using the Jag-E Alert System in Outreach Mode. Updates to the A&M-SA community about any particular situation may be distributed electronically in the same manner. A&M-SA PD social media sites, university websites and public University monitors may be used as well.

Anyone with information warranting a timely warning should immediately report the circumstances to the A&M-SA PD, by phone at (210) 784-1900 (non-emergency), (210) 784-1911 (emergency), by using the SafeZone App or in person at Room 120 – Frank L. Madla Building, One University Way, San Antonio, Texas, 78224.

More information can be found by visiting our website and the Annual Security Report and Fire Safety Report. You can also use the Blackboard My Connect App to add cell phones and other email addresses.

5.9.2 MISSING STUDENTS

If a person has reason to believe that an on-campus resident student is missing, they should immediately notify A&M-SA PD at (210) 784-1911. If a non-resident (resides off campus) student is reported missing to university personnel, A&M-SA PD will notify the proper law enforcement agency, within 24 hours, and assist with the investigation. If the student is under 18 years of age and is not an emancipated individual, A&M-SA PD will notify the student’s parent or legal guardian and emergency contact(s), as designated in the records of the university, immediately after determining that the student has been missing for 24 hours.

All students have the option to identify an emergency contact person(s). This contact information will be confidential and accessible only to authorized university officials and law enforcement personnel involved in an emergency response. Students residing on-campus housing have the option to identify a missing person contact and an emergency contact person with on-campus at Esperanza Hall.

5.9.3 ANNUAL SECURITY AND FIRE SAFETY REPORT

The Texas A&M University-San Antonio Annual Security and Fire Safety Report provides important information about safety on our campus. This report contains information on the resources and services available to students of Texas A&M University-San Antonio. Some of these programs include but are not limited to: Assessing your surroundings While remaining Aware and being Realistic about your Environment (AWARE) Training, Safety Begins with You, a Title IX video and in-person presentations, awareness campaigns, and brochures.

AWARE training starts with personal awareness, being aware of other’s perception of you, as well as being aware of your surroundings. Participants learn basic self-defense skills that can be used if they are targeted and/or attacked. AWARE includes prevention, risk reduction, and risk avoidance. AWARE is not a martial arts program although the courses are taught by certified instructors.

The University also offers a “Safety Begins with You” presentation which promotes the awareness of rape, acquaintance rape, and other forcible and non-forcible sex offenses. It also reviews stalking, domestic violence, dating violence, and crime prevention awareness and safety tips.

5.10.2 SEX OFFENDER REGISTRATION

The Campus Sex Crimes Prevention Act is a federal law that provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education or working or volunteering on campus. The act requires sex offenders to provide notice, as required under state law, to each institution of higher education in that state at which the person is employed, carries out a vocation, or is a student. The act also requires that state procedures ensure that this registration information is promptly made available to law enforcement agencies with jurisdiction where the institutions of higher education are located and that is entered into appropriate state records or data systems. For more information about the Campus Sex Crimes Prevention Act, please visit the University Police Department.

In compliance with state and federal law, information about registered sex offenders may be obtained through the Texas A&M University-San Antonio Police Department or searched at the Texas Department of Public Safety Sex Offender Database website.

SECTION 6 STUDENT GRIEVANCE PROCEDURES

6.1 INTRODUCTION TO GRIEVANCE PROCEDURES

Texas A&M University-San Antonio is committed to providing an educational climate that is conducive to the personal and professional development of each individual. In order to ensure that commitment, the university has developed procedures for students to pursue grievances within the university community, should such action become necessary.

6.2 GRIEVANCE PROCEDURE

Informal complaints may be filed, verbally or in writing, with offices across campus. The process to file a formal complaint, or grievance, is outlined below. The decision as to which procedure to utilize
for a grievance filed by a student shall be made solely by the university and shall be based on the fact pattern of each particular case.

Due to their special nature, certain issues are handled by specially designated hearing bodies or offices. If a complaint specifically addresses sexual harassment, discrimination, employment, admissions, student conduct, parking citations, academic matters (such as grade disputes), and disability accommodations, then the complaints and grievances must go through established university procedures. More information visit our website.

6.3 STEPS FOR REDRESS OF A NONACADEMIC STUDENT GRIEVANCE

Students with an issue of a nonacademic matter are encouraged to first attempt to resolve any issues where they arise with any appropriate offices or parties involved. This procedure provides students with a process for addressing complaints not addressed by other established complaint procedures. Open communication between students and employees is encouraged so that the formal nonacademic complaint procedure is not necessary. Students found to have intentionally made false or materially misleading allegations under this procedure will be subject to discipline in accordance with the Code of Student Conduct. Students shall have protection from retaliatory action based upon the filing of a complaint and/or participation of a witness.

Please see section x below for more information regarding the retaliation policy.

A. Step 1: Students are encouraged to attempt to resolve complaints informally with the employee member to facilitate resolution of their concerns and/or complaint.

B. Step 2: If a satisfactory resolution cannot be found at the student-employee level, or if the employee is unavailable or no longer with the university, the student shall submit the complaint in writing within five (5) business days of the incident or after attempted resolution, to the appropriate employee supervisor. Complaints against supervisors will be submitted directly to the next level supervisor in the leadership command. Students can find a list of department contact information at the Student Handbook, online, or by calling the Office of Student Rights and Responsibilities. Student can file a report via the online reporting system Maxient to help facilitate the process. Maxient is the University’s application for submission and tracking of incident reports related to concerning behavior, misconduct, and any general incidents.

The complaint should be as specific as possible and use the following guideline:

a. Identify the specific nature of the nonacademic grievance.

b. Explain the grounds for the nonacademic grievance and whether the basic justification for it is based on a claimed violation of a university rule, policy, or established practice.

c. The name of the employee whose decision and/or action is being disputed, the dates of occurrence, and the name, current address, and phone number of the complainant.

d. Attach any supporting documents or evidence and/or names and contact information of witnesses.

e. The resolution sought (i.e., explain how you would like to see it resolved).

The department supervisor will review and resolve the complaint within 15 business days. Circumstances may warrant extensions to the timeframes in this section. The appellate authority should send extension requests, if needed, to the office or individual(s) who appointed them. Both the complainant(s) and the respondent(s) must be notified of any
extensions in writing. The complexity of the complaint may warrant an extension to the review as well. The department supervisor may, at their discretion, meet with the student and/or any other parties involved if deemed appropriate. The student will be notified in writing through their university email address of the final resolution.

Upon completion of the resolution, the department supervisor will inform their respective supervisor, and inform the Office of Human Resources as necessary. All records will be kept in a confidential file.

C. **Step 3:** If a student believes that the matter is not satisfactorily resolved, the student has the right to submit a formal written appeal request to the department supervisor’s supervisor within five (5) business days from the date the resolution was sent from Step 2 of the nonacademic student grievance process.

There are three specific criteria that are a valid basis for requesting an appeal. One or multiple criteria in a single appeal may be used.

- **A.** A procedural irregularity that substantially affected the outcome.
- **B.** New evidence, not reasonably available at the time the determination regarding responsibility or dismissal was made, that could have substantially affected the outcome. New evidence must be provided at the time of appeal.
- **C.** The appropriateness or severity of the sanctions.

The department supervisor’s supervisor will review and resolve the complaint within 15 business days. The department supervisor may, at their discretion, meet with the student and/or any other parties involved if deemed appropriate. The student will be notified in writing through their university email address of the final resolution.

Upon completion of the resolution, the department supervisor will inform their respective supervisor, and inform the Office of Human Resources as necessary. All records will be kept in a confidential file.

**The decision at Step 3 is final.**

   II. Dating violence does not include acts covered under the definition of domestic violence. [ 34 U.S.C. 12291(a)(10)]

Dating violence is explicitly prohibited under this regulation. Aiding another in the commission of dating violence is also prohibited under this regulation. Dating violence is a form of sexual harassment or sex-based misconduct.

Texas Penal Code Sec. 22.011 defines sexual assault as an offense if committed by a person who intentionally or knowingly causes the penetration of the anus or sexual organ of another person by any means, without that person's consent; causes the penetration of the mouth of another person by the sexual organ of the actor, without that person's consent; or causes the sexual organ of another person, without that person's consent, to contact or penetrate the mouth, anus, or sexual organ of another person, including the actor.

"Without consent" in regard to sexual assault is defined in the Texas Penal Code as:

1. the actor compels the other person to submit or participate by the use of physical force, violence, or coercion;
2. the actor compels the other person to submit or participate by threatening to use force or violence against the other person or to cause harm to the other person, and the other person believe that the actor has the present ability to execute the threat;
3. the other person has not consented and the actor knows the other person is unconscious or physically unable to resist;
4. the actor knows that as a result of mental disease or defect the other person is at the time of the sexual assault incapable either of appraising the nature of the act or of resisting it;
5. the other person has not consented and the actor knows the other person is unaware that the sexual assault is occurring; and/or
6. the actor has intentionally impaired the other person's power to appraise or control the other person’s conduct by administering any substance without the victim's knowledge.

(Texas Penal Code Sec. 22.011)

Consent means assent in fact, whether express or apparent [Texas Penal Code Section 1.07(a)11].

The Texas A&M University System Regulation 08.01.01 defines sexual assault as an offense that meets the definition of rape, fondling, incest or statutory rape as used in the FBI's Uniform Crime Reporting system. A sex offense is any sexual act directed against another person, without the consent of the victim, including instances in which the victim is incapable of giving consent. These offenses are defined as:

a. Rape: The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
b. Fondling: The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of their age or because of their temporary or permanent mental incapacity.
c. Incest: Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
d. Statutory Rape: Sexual intercourse with a person who is under the statutory age of consent.

Sexual assault is explicitly prohibited under this regulation. Aiding another in the commission of sexual assault is also prohibited under this regulation. Sexual assault is a form of sexual harassment or sex-based misconduct.

The Texas A&M University System Regulation 08.01.01 defines consent as clear, voluntary, and ongoing agreement to engage in a specific sexual act. Persons need not verbalize their consent to engage in a sexual act for there to be permission. Permission to engage in a sexual act may be indicated through physical actions rather than words. A person who is asleep or mentally or physically incapacitated, either through the effect of drugs or alcohol or for any given reason, or whose agreement was made by threat, coercion, or force, cannot give consent. Consent may be revoked by any party at any time.

The Texas A&M University System Regulation 08.01.01 defines sexual harassment as a form of sex discrimination. Unwelcome conduct on the basis of sex (of a sexual nature or otherwise): (1) by an employee of the university who conditions the provision of an aid, benefit, or service of the university on an individual’s participation in that unwelcome sexual conduct; (2) determined by a reasonable person to be so severe or pervasive that it effectively denies a person equal access to the university’s education program or activity; or (3) sexual assault or dating violence, domestic violence, or stalking based on sex.

Texas Penal Code Sec. 42.072 defines stalking as an offense if the person, on more than one occasion and pursuant to the same scheme or course of conduct that is directed specifically at another person, knowingly engages in conduct that:

1. the actor knows or reasonably should know that the other person will regard as threatening bodily injury or death for the other person; bodily injury or death for a member of the other person’s family or household or for an individual with whom the
other person has a dating relationship, or that an offense will be committed against the other person’s property;

2. the actor causes the other person, a member of the other person's family or household, or an individual with whom the other person has a dating relationship, to be placed in fear of bodily injury or death or in fear that an offense will be committed against the other person's property, or feel harassed, annoyed, alarmed, abused, or tormented, embarrassed, or offended. Further, the act would cause a reasonable person to fear bodily injury or death for themselves, bodily injury or death for a member of the person's family or household, or for an individual with whom the person has a dating relationship, or to fear that an offense will be committed against the person's property, or to feel harassed, annoyed, alarmed, abused, tormented, embarrassed, or offended.

The Texas A&M University System Regulation 08.01.01 defines stalking as engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

a. fear for the person's safety or the safety of others; or

b. suffer substantial emotional distress.

For the purposes of this definition:

a. Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.

b. Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.

c. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling. [34 CFR 668.46(a)]

Stalking is explicitly prohibited under this regulation. Aiding another in the commission of stalking is also prohibited under this regulation. Stalking based on sex is a form of sexual harassment or sex-based misconduct.

14.8.1 HOW TO REPORT

If you have experienced, observed, or heard that a member of the university community has been subjected to (1) sexual violence, (2) sexual harassment, or (3) sex-based misconduct or discrimination and/or retaliation, by a university student, faculty, staff member, or third party, you should report it. Those involved in the administration of civil rights and sex-based misconduct complaints receive annual training related to dating violence, domestic violence, sexual assault, and stalking and training on conducting investigations and resolutions to ensure consistency, fairness, and transparency.

Students are strongly encouraged, but not required, to report incident(s) promptly to the university's designated Title IX Coordinator.

With the exception of licensed counselors in the Student Counseling Center and trained Victims Advocates, university employees informed of possible civil rights or Title IX incidents must advise the reporter that they cannot keep the information confidential and are required to report it immediately to the Title IX Coordinator or a Deputy Coordinator.

14.8.4 CONFIDENTIALITY

Persons reporting information, seeking guidance, or filing a complaint may be concerned about the confidentiality of the information they are sharing. While the university strives to create an environment in which individuals feel free to discuss concerns and make complaints, it may be obligated to take action when alleged or suspected discrimination, sexual harassment, and/or related retaliation is experienced, observed by, or made known to an employee (with the exception of licensed counselors in the Student Counseling Center and trained Victims Advocates). Reports of possible violations will be kept private to the greatest extent possible, subject to the need to maintain a safe work and educational environment. An individual’s request to withhold their name, or the name of the alleged violator will be considered in the context of the university’s duty to provide safe and nondiscriminatory work and education environment. This may require the university to take action when the reporter requests no action, if violence is involved, if the threat of violence exists, or when required by law. A request to withhold information or not to investigate the alleged misconduct may limit the university’s ability to respond to a complaint.
14.8.5 CONFIDENTIAL RESOURCE

Students may report confidentially through licensed counselors in the Student Counseling Center in MOD C or by calling (210) 784-1331. These employees are not required to, and in fact may not, identify individuals concerned without their consent, except when required by law. If and when the counselors deem appropriate, they are to inform the persons they are counseling of options available for making a report.

14.8.6 REPORTING TO LAW ENFORCEMENT

Individuals have the option, but cannot be required to, submit a complaint or report to law enforcement authorities including University and local police. Furthermore, victims have the right to decline to notify law enforcement. The University encourages accurate and prompt reporting of all crimes to the campus police and appropriate police agencies when the victim of the crime elects to, or is unable to, make such a report. When a student reports that they have been a victim of dating violence, domestic violence, sexual assault, or stalking based on sex, either on or off campus, A&M-SA PD or the Title IX Coordinator will provide information on rights and procedures, options for confidential reporting, victim services, supportive measures, and protective measures. An anonymous “Jane/John Doe” report can be filed with the police while the victim is deciding whether to pursue criminal charges. When an on-campus crime is reported to A&M-SA PD, it will report the incident to the Title IX Coordinator and, if the victim desires, both a Title IX investigation and criminal investigation may occur simultaneously.

Law enforcement is able to help individuals understand the process of obtaining orders of protection, no contact orders, restraining orders, or similar lawful orders issued by the courts. For investigative purposes, victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to preserve evidence in the event that they decide to report the incident to law enforcement or the university at a later date, so as to assist in proving that the alleged criminal offense occurred, in substantiating a policy violation, and/or in obtaining a protection order.

14.8.7 UNIVERSITY RESOURCES & SUPPORT

Texas A&M University-San Antonio provides a range of supportive and protective measures for students and employees. The Title IX Coordinator will give the victim a written information pamphlet on crime victim rights and options and, with the victim’s consent, will call the Crime Victim Advocate to assist with other resources and information. Any support or protective measures provided will be maintained confidential to the extent that maintaining such confidentiality will not impede the ability of the university to provide these resources. The range of supportive and protective measures include counseling, mental health referrals, victim advocacy, no-contact orders, assistance with locating safe housing, academic adjustments, student financial aid assistance, visa and immigration assistance, legal assistance, withdrawal procedures, and written information concerning the victim’s rights and options. The university will offer such accommodations to the victim and provide them if requested and reasonably available. These supportive measures are available regardless of whether or not the victim chooses to report the incident to A&M-SA Police or local law enforcement. If you or someone you know has experienced an incident of sexual assault or misconduct, seek support from any of the Title IX Coordinators listed above or any of the campus resources listed below:

14.9 DISCIPLINARY PROCEDURES IN CRIMES OF VIOLENCE OF DATING VIOLENCE, DOMESTIC VIOLENCE, STALKING, SEXUAL ASSAULT AND SEX-BASED MISCONDUCT

Texas A&M University-San Antonio abides by The Texas A&M University System Regulation 08.01.01, Civil Rights Compliance, for the investigation and resolution of incidents involving sexual harassment, sexual assault, and dating violence, domestic violence, and stalking based on sex, if the following conditions are met:

i. The incident(s) is reported to the Title IX Coordinator or another official with the authority to institute corrective measures on behalf of university;

ii. A formal complaint is filed which is signed by the complainant or signed by the Title IX Coordinator;
iv. At the time the formal complaint was filed, the complainant was participating or attempting to participate in the university’s education program or activity. This includes an enrolled student, an employee, and applicants for admission or employment; and

v. The alleged conduct meets the definition of sexual harassment, sexual assault, and/or dating violence, domestic violence, and/or stalking based on sex as set forth in this regulation (see Definitions).

14.9.1 STANDARD OF PROOF: PREPONDERANCE OF THE EVIDENCE

The standard of proof required for a policy violation finding at Texas A&M University-San Antonio in civil rights cases is the preponderance of the evidence. This means what is more likely than not to be true, based on the totality of the available evidence.

14.9.2 RIGHT OF DUE PROCESS

A student alleged to have engaged in an incident of sexual harassment, sexual assault, and/or dating violence, domestic violence, and/or stalking based on sex shall have the right to fair and due process.

Both parties (complainant and respondent) will be simultaneously notified, in writing, of

   a. the outcome of any university disciplinary proceeding that arises from the allegation(s);
   b. the university’s procedures to appeal the results of the disciplinary proceeding;
   c. any change to the results that occurs prior to the time that such results become final; and
   d. when such results become final.

In addition,

1. All parties will have timely notice of meetings at which either or both parties may be present.
2. All parties will be given an explanation of the grievance process and explanation of next steps;
3. All parties will have timely and equal access to evidentiary material and have the right to present evidence and witnesses;
4. Both the complainant and respondent have the same opportunity to be accompanied by one advisor of their choice to any related meeting or proceeding (this may be an attorney at the student’s or employee’s expense), so long as the availability of the advisor does not hamper the timeliness of the meeting or proceeding. The selected advisor may not be an individual who may be charged as a result of the same or similar fact pattern. The advisor is limited to advising the student or employee, although the advisor may conduct any cross-examinations during a hearing. The mere presence of a university attorney at any meeting or proceeding does not indicate representation;
5. Both the complainant and respondent have the same opportunity to have evidence of past sexual history excluded during a conduct hearing. Questions and evidence about the complainant’s sexual predisposition or prior sexual behavior are not relevant unless such questions and evidence about the complainant’s prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant’s prior sexual behavior with respect to the respondent and are offered to prove consent;
6. Both the complainant and respondent have the right to request a change in classes or other steps to prevent unnecessary or unwanted contact or proximity to the other party, especially when such contact is likely to place the party in danger of bodily injury or cause the party severe emotional distress; and

7. The university will disclose to the parties in writing a report on the results of any disciplinary proceedings conducted by the university. If the alleged victim is deceased as the result of a crime of violence or sex offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

14.9.3 CONDUCT PROCEEDINGS GUIDELINES

The following guidelines apply to student conduct proceedings in cases of alleged sexual violence, sexual harassment, and sex-based misconduct. In all cases, the process will be conducted in a manner that is consistent with The Texas A&M University System Regulation 08.01.01 and accompanying Appendix C- Sanctioning Matrix for Sex-Based Harassment by Students in The Texas A&M University System, as well as Texas A&M University-San Antonio Rule 08.01.01.O1. In all cases, the process is conducted in a consistent, impartial, and transparent manner.

Timelines are specified in Regulation 08.01.01 for the reporting, intake, investigation, and adjudication of formal civil rights complaints. Timelines may be extended for good cause with written notice to both parties of the delay and/or extensions and the reasons therefor.

1. The Designated Administrator or designee will simultaneously provide the final investigative report and exhibits to the parties.

2. The parties will be provided a pre-hearing conference to review the hearing process as well as to explore available options for informal resolution, if permitted.
   i. At any time prior to the adjudication of a formal complaint, the parties may seek informal resolution. Informal resolution, however, is not available in cases involving complaints of sexual assault, sexual harassment of a student by an employee, or any case in which an imminent threat of harm may exist.
   ii. An administrative conference may be held if the complainant, respondent, and university all agree on the findings associated with the allegations and the sanctions to be imposed. In such cases, the Designated Administrator may reach a written resolution of the complaint without a hearing, provided any sanctions imposed are in compliance with the sanctioning matrix (i.e., Appendix C of System Regulation 08.01.01).
   iii. If a formal complaint cannot be resolved through an informal process, or if either the complainant or respondent requests a hearing, a formal live hearing will be conducted. Notice of a formal hearing will be issued to the complainant and respondent along with instructions.
   iv. Both complainant and respondent may have an advisor with them during a hearing. If a party does not have an advisor and wants one, the university will provide a trained advisor to assist them. An advisor may be an attorney for either or both parties.
   v. Cross-examination of the complainant, respondent, and any witnesses may be conducted by the advisors for the parties. When parties are being subject to cross-examination, the advisor may not answer on behalf of the party.
   vi. Hearings may be conducted through remote means as long as all parties and the hearing officer or hearing panel can see and hear one another in real time.
vii. Hearing officers/hearing panels cannot draw an inference regarding responsibility based solely on a party’s or witness’s absence from the live hearing or refusal to answer cross-examination or other questions.

viii. If a student respondent withdraws or graduates pending the resolution of a complaint, the process will continue, and the university will not issue a transcript on behalf of the student until the conclusion of the process.

3. The hearing panel chair or hearing officer will issue the final decision letter, which will be sent simultaneously to both parties. Any delay of the issuance will be communicated to the parties.

i. Other Texas A&M University System campuses or other postsecondary educational institutions, upon request, will be provided any determination that a student violated the university’s code of conduct by committing sexual harassment, sexual assault, sex-based misconduct, and/or dating violence, domestic violence, and/or stalking based on sex.

4. Both parties have the right to an appeal based on certain criteria.

14.10 ARTICLE VII: SANCTIONS

Student conduct sanctions are categorized as active and inactive. Only one inactive sanction can be given in any disciplinary proceeding to a respondent, in combination with active sanctions. Sanction(s) may be assigned to a student after being found in violation of the Code of Student Conduct. Failure to comply with assigned sanctions may result in further Code violations and additional sanctions. Failure to comply with attending a conduct hearing or completing assigned sanctions will lead to a hold being placed on a student’s account, limiting future course registration.

Students retain responsibility for all financial obligations incurred including, but not limited to, tuition, fees, and housing regardless of the outcome of the disciplinary/academic hearing.

The following may be considered in determining appropriate sanctions:

- The nature of the violations
- The student’s role in the incident
- The impact on the University community
- Past conduct
- The student’s current conduct status
- Prior sanction outcomes in similar cases

For violations involving sexual harassment or sexual misconduct, the Sanctioning Matrix for for Sex-Based Harassment by Students in The Texas A&M University System will be used. The results of any disciplinary hearing conducted by the university and any sanctions will be sent simultaneously in writing to both parties.

The sanctions listed below are not exhaustive, but merely serve as guidelines and may be levied in any combination.

14.10.1 PRIMARY/INACTIVE SANCTIONS

**Expulsion:** The permanent removal of the student from the university, with no ability to return to the academic community at any point in the future. Such sanctioning is reserved for cases in which the level of threat posed by the student and their conduct are so severe that it represents too great a risk to allow the person to return, and/or when the ongoing refusal of the student to live within the norms of
the community is so pervasive that there is no reasonable belief that the person would submit themselves to community expectations in the future. This sanction can be used for the final determination of an institutional disciplinary proceeding for sex offenses or Title IX violations. Upon expulsion from the University for cause, there will be no refund of tuition and fees. The balance due will be considered receivable.

**Dismissal:** Separation of the student from the University for an indefinite period of time. Re-enrollment in the University may be possible in the future, but no specific time for a decision is established. Dismissal prohibits entry into university premises for class or affiliated events for any reason, and an individual may be issued a Criminal Trespass Warning. A notation of the conduct violation will be made on the student’s academic transcript. This sanction can be used for the final determination of an institutional disciplinary proceeding for sex offenses or Title IX violations. Upon dismissal from the University for cause, there will be no refund of tuition and fees. The balance due will be considered receivable.

**Suspension:** The removal of the student from the university for a minimum period of time, as well as the attachment of conditions for the person to satisfy before being allowed to return to the academic community.

Once a student is eligible to return, conditions for review of re-enrollment may apply. Suspension prohibits entry onto university premises for class or affiliated events for any reason, and an individual may be issued a Criminal Trespass Warning. A suspended student may not reside in on-campus housing and will be considered “not in good standing” with the university. A notation of the conduct violation will be made on the student’s academic transcript. This sanction can be used for the final determination of an institutional disciplinary proceeding for sex offenses or Title IX violations. Upon suspension from the University for cause, there will be no refund of tuition and fees. The balance due will be considered receivable.

**Housing Eviction:** Permanent separation of the student from University on-campus residence facilities. A student who is removed from university owned/operated property as the result of this sanction may be required to pay the full room charge and any other fees that are owed as stipulated in the housing contract. Eviction prohibits entry into university owned/operated property for any reason, and an individual may be issued a Criminal Trespass Warning. Individuals who violate this sanction may be arrested and/or additional charges filed against them under the Code of Student Conduct. This sanction can be used for the final determination of an institutional disciplinary proceeding for sex offenses or Title IX violations if there are significant mitigating factors.

**Interim Suspension:** Refer to Article VI for definition and procedural guideline.

**Restricted Access:** Restricting or banning from entering certain designated areas, using specific equipment, and/or participating in certain academic and non-academic activities as defined by the Student Conduct Officer or designee for a specified period of time. Restricting or banning may include, but is not limited to, access to a University owned or operated facility and/or services, academic related programs and/or opportunities, internships, access to on campus housing, participation in University-sponsored activities, and/or contact with a specified University community member(s). This sanction can be used for the final determination of an institutional disciplinary proceeding for sex offenses or Title IX violations if there are significant mitigating factors.

**Deferred Suspension:** The sanction of suspension may be placed in deferred status. If the student is found in violation of any University rule during the time of deferred suspension, the suspension takes effect immediately without further review. Additional student conduct sanctions appropriate to the
new violation also may be taken. A student who has been issued a deferred suspension sanction is
deemed “not in good standing” with the University. A student who is not in good standing is subject
to the following restrictions:

1. Ineligibility to hold an office in any student organization recognized by the University or
to hold any elected or appointed position within the University.
2. Ineligibility to compete in intercollegiate athletic or intramural activity.
3. Ineligibility to receive a University-administered scholarship or fellowship when the
sanction is in place for longer than one semester.

This sanction can be used for the final determination of an institutional disciplinary proceeding for
sex offenses or Title IX violations if there are significant mitigating factors.

**Deferred Housing Eviction:** The temporary or permanent delay of eviction from university
owned/operated property for the continuation of the signed housing contract. If a student is found
responsible for violating any policies while on deferred status, the student will be evicted from the
residence hall. See Housing Eviction for further information.

**Conduct Probation:** An official warning that the student’s conduct is in violation of Texas A&M
University-San Antonio Student Rules, but is not sufficiently serious to warrant expulsion, dismissal,
or suspension. A student on conduct probation is deemed “not in good standing” with the University.
This sanction includes the same restrictions listed under Deferred Suspension. This sanction can be
used for the final determination of an institutional disciplinary proceeding for sex offenses or Title IX
violations if there are significant mitigating factors.

**Conduct Review:** An official warning that the student's conduct is in violation of Texas A&M
University-San Antonio Student Rules, but is not sufficiently serious to warrant expulsion, dismissal,
suspension, or conduct probation. A student on conduct review shall have their conduct under review
for a specified period of time. This sanction may require regular meetings with an appropriate official
to ascertain and evaluate compliance with student rules. Additional restrictions or conditions also may
be imposed, depending on the nature and seriousness of the misconduct. Students placed on this
sanction remain in good standing with the University. If there is a finding of responsibility for
subsequent violations of the student rules during this period of time, more severe sanctions will be
administered. This sanction can be used for the final determination of an institutional disciplinary
proceeding for sex offenses or Title IX violations if there are significant mitigating factors.

**Letter of Enrollment Block:** A letter stating that the student may not re-enroll in Texas A&M
University- San Antonio without prior approval by the Office of Student Rights and Responsibilities
or the Vice President for Student Affairs if enrollment has been blocked for a previous student
conduct violation. This sanction can be used for the final determination of an institutional disciplinary
proceeding for sex offenses or Title IX violations if there are significant mitigating factors.

**Letter of Reprimand:** A letter that makes a matter of record any incident that reflects unfavorably on
the student or the University. This sanction can be used for the final determination of an institutional disciplinary
proceeding for sex offenses or Title IX violations if there are significant mitigating factors.

**Warning:** A formal written admonition that the student has violated the Code of Conduct. Any future
violations will subject the student to further conduct proceedings.
14.10.2 SECONDARY/ACTIVE SANCTIONS

Community/University Service: A student may be offered an opportunity to complete a specified number of hours of community/University service.

Educational Requirements: A provision to complete a specific educational requirement directly related to the violation committed. The provision will be clearly defined. Such educational requirements may include, but are not limited to, completion of an AlcoholEDU for Sanctions online course, educational and awareness workshops, essays, reports, meetings, etc.

Academic Sanctions: Appropriate academic sanctions are based upon specifics of an academic misconduct incident. The provision will be clearly defined during the Academic Misconduct process. Such academic requirements may include, but are not limited to, plagiarism coursework, educational workshop, etc.

Restrictions: The withdrawal of specified privileges for a definite period of time, but without the additional stipulations contained in the imposition of conduct probation. The restrictions involved will be clearly defined.

Restitution: This sanction can be used for the final determination of an institutional disciplinary proceeding for sex offenses or Title IX violations.

Loss of Parking Privileges on Campus: Revocation of campus vehicle registration and forfeiture of permit and all refund rights to said permit.

14.11 ARTICLE VIII: DISCIPLINARY APPEAL PROCESS

14.11.1 TIMING

Students have five (5) business days from the date of the sent outcome notice from the Office of Student Rights and Responsibilities regarding the violation report and sanction to submit a written appeal. All conduct violations are subject to appeal if they demonstrate the criteria described below.

Failure to meet for a conduct hearing or claiming to have not received the notifications in order to extend the appeal period will not be permitted. Appeals will be confined to a review of the written documentation and record of the investigation and/or hearing, and pertinent documentation regarding the grounds for an appeal. The appeal does not create an entitlement to a new investigation or a full re-hearing of the complaint. The appeal should be addressed to the Associate Vice President and Dean of Students, or designee, and specific criteria for considering the appeal of the outcome must be met.

14.11.2 CRITERIA

There are four specific criteria that are a valid basis for requesting an appeal. One or multiple criteria in a single appeal may be used.

1. A procedural irregularity that substantially affected the outcome.
2. New evidence, not reasonably available at the time the determination regarding responsibility or dismissal was made, that could have substantially affected the outcome. The new evidence must be provided at the time of appeal.
3. There was a conflict of interest or bias for or against complainant(s) or respondent(s) generally or the individual complainant or respondent that substantially affected the outcome.
4. The appropriateness or severity of the sanctions.

Appeals based on financial considerations, delays in graduating, immigration status, or other personal inconvenience are generally not granted.

14.11.3 DECISIONS OF GRANTING AN APPEAL

After receiving the written request for an appeal, the Associate Vice President and Dean of Students, or designee, may:

1. Affirm the original finding and sanction;
2. Affirm the finding and modify the sanction; or
3. Remand the case to a new hearing or review.

After reviewing an appeal, the student will be informed of the decision. A notification outlining the outcome shall be sent to all applicable parties.

For cases of civil rights violations, both the complainant and respondent will receive simultaneous notification of the outcome. Following an appeal, the matter shall be considered final and binding on all parties involved, and the decision is final. Appeals based on suspension or expulsion will be assessed by the Vice President of Student Affairs or designee for reconsideration of admission to University.

14.11.4 DISCIPLINARY RECORDS AND HOLDS

The Office of Student Rights and Responsibilities will place a hold on a student's University record while one or more of the following are pending: disciplinary proceedings, expulsion, outstanding sanctions, dismissal, separation, suspension, deferred suspension, conduct probation, and/or interim suspension. Failure to comply with assigned sanctions may result in additional Code violations and possible additional sanctions. The hold will remain on the student's account until sanction(s) are completed. (NOTE: Registration holds prevent students from registering for or dropping classes.)

14.11.5 TRANSCRIPT NOTATIONS

When a sanction of suspension, dismissal, or expulsion from campus is imposed as a result of a violation of the Code of Student Conduct, a notation will be made on the student’s academic transcript.

Notations for expulsion, dismissal, and suspension of one semester or greater will remain on student transcripts and may only be removed upon request by the student if (a) the student is eligible to reenroll in the institution (i.e., suspensions and dismissals only), or (b) the institution determines that good cause exists to remove the notation.

If a student withdraws or graduates from the member university pending the resolution of a sexual harassment or sexual misconduct case, the process will continue, and the University will not issue a transcript on behalf of the student until the conclusion of the process.
SECTION 15 ACADEMIC POLICIES

15.1 CALLED TO MILITARY DUTY

Original deployment orders and military ID should be presented to the Office of the University Registrar. Withdrawal options for a student called to active military service include:

1. The University refunding tuition and fees paid by the student for the semester in which the student withdraws.
2. The University granting a student an incomplete in all courses by designating “withdrawn military” on the student’s transcript, assuming the student is eligible under the University’s guidelines; or
3. The instructor(s) assigning an appropriate final grade or credit to a student who has satisfactorily completed a substantial amount of coursework and who has demonstrated a sufficient mastery of the course material.

15.2 EXTENDED CLASS ABSENCE/ MEDICAL INCAPACITATION

15.2.1 MEDICAL INCAPACITATION

If for unforeseen events (hospitalization, death in the family, incarceration, etc.) a student will miss an extended amount of class meetings, they should contact the Dean of Students Office. This office does not excuse a student from class; however, if the student is out for an extended period of time, the office will notify professors of absences as a courtesy. The student will have to provide written documentation to verify the reason for the absences. Ultimately, it is the professor’s decision as to whether or not they will allow a student to make up any class assignments/exams.

15.2.2 PREGNANCY AND PARENTING

Under Title IX of the Education Amendments, a student’s absences due to pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery from any of these are excused for as long as the student’s doctor deems the absences to be medically necessary. When the student returns to school, they will return to the same academic and extracurricular status as before the medical leave began.

New mothers may take reasonable break periods during programs or activities, including classes, to express milk or nurse as necessary.

Pregnant or parenting students who request that absences be excused or that other academic support measures be provided may discuss this with the Title IX Coordinator at TitleIX@tamusa.edu, 210-784-2061.

15.3 CLASSROOM CONDUCT

Texas A&M University-San Antonio supports the principle of freedom of expression for both instructors and students. The University respects the rights of instructors to teach and students to learn. Maintenance of these rights requires classroom conditions that do not impede their exercise.

Classroom behavior that seriously interferes with either

1. the instructor’s ability to conduct the class, or
2. the ability of other students to profit from the instructional program will not be tolerated.
An individual engaging in disruptive classroom behavior may be subject to disciplinary action. When a student’s behavior in a class is so disruptive as to compel immediate action, the instructor has the authority to remove a student from the class on an interim basis, pending an informal hearing on the behavior. A student who has been removed from a class on an interim basis is entitled to an informal hearing before the head of the department offering the course within five (5) working days of the removal. The Department Chair may either:

a. Approve an agreement of expectations between the student and the instructor and reinstate the student to the class; or

b. Extend the removal of the student from the class and refer the case to Office of Student Rights and Responsibilities for adjudication.

A copy of all material sent to the Office of Student Rights and Responsibilities should be provided to the instructor’s academic dean or designee, and to the student’s academic dean or designee.

When a student action is not so serious as to require immediate removal from the class, these steps are to be followed:

a. The instructor responsible for the class or activity where the alleged disruptive behavior occurred should inform the student that their behavior has been inappropriate. The instructor should describe to the student specific needed changes in the student’s behavior. The student will be provided an opportunity to modify their behavior in accordance with the changes identified. The instructor will provide the student with a written, dated summary of their discussion with the student, and the instructor will retain a file copy of this summary.

b. If a student believes the instructor’s expectations are unreasonable, they may confer with the instructor’s Department Chair about this matter. The Department Chair may choose to support the guidelines developed by the instructor, or they may work with the instructor to develop a modified set of expectations. If there are changes in the instructor’s original set of expectations, a signed and dated copy will be provided by the Department Chair to both the student and the instructor.

c. Should a student’s behavior continue to be unacceptable, the instructor will apprise their (the instructor’s) Department Chair of what has occurred and will share with the Department Chair the written summary of the discussion with the student. The department head may wish to initiate additional discussion with the instructor and/or the student. If the Department Chair concurs with the instructor’s view that the problem has not been resolved, the situation may be referred to the Office of Student Rights and Responsibilities. A case can be created through the Maxient Reporting System. A description of the student’s behavior, as well as a written summary of the instructor’s discussion with the student and any other related material, should be forwarded to the Office of Student Rights and Responsibilities for adjudication. A copy of all material sent to the Office of Student Rights and Responsibilities should be provided to the instructor’s academic Dean or designee and to the student’s academic Dean or designee.
15.4 GRADE APPEALS

Instructors are responsible for determining the curriculum of a course, for developing appropriate methods of evaluating student learning, for evaluating fairly, for upholding academic standards, and for enforcing policies concerning academic honesty. Decisions made by instructors regarding the quality or honesty of student work – especially decisions about course grades – are, as a matter of routine, accepted as authoritative and cannot be overturned by administrative officers. Students, however, have a right to expect instructors to have defensible course policies and to implement them in a reasonable, equitable manner.

Students who believe that they have grounds for challenging an instructor's decision regarding academic issues – excepting those pertaining to matters of academic freedom – may appeal using the procedure outlined below. Please note, if a student wishes to dispute a course grade due to violations of academic misconduct, they must go through the Academic Misconduct Process only.

Except under unusual circumstances, the entire process outlined below should be completed within 30 days from the student's request for an explanation of the grade or, for final grades, within 30 days from the date the grade was posted to the student's transcript. Grade changes will not be accepted after one academic year. The process is as follows:

1. The student should first write an email to the instructor to request an explanation of their reasons for assigning the grade. This begins the 30-day period for the entire process to be completed.
2. If the student is not satisfied with that explanation and wants to move forward with an appeal, the student must write a letter of appeal to the instructor stating clearly their objection to the grade received and requesting a different grade. This letter should be submitted via email as soon as possible after the decision has been made.
3. If the instructor refuses to alter their decision or grade, the student may then submit a written letter outlining their objections to the instructor’s Department Chair or immediate academic supervisor (hereafter, “Chair” will be used to mean either the Department Chair or the immediate academic supervisor). This letter should be submitted via email as soon as possible after the response from the instructor. If the Chair believes that the student’s claims may have merit, the Chair would discuss the matter with the instructor.
4. If the student is not satisfied with the Chair’s assessment of the issue, the student may then request a review of the decision by writing to the Dean. The decision of the Dean is final.

15.5 ACADEMIC MISCONDUCT

As members of an academic community, students at Texas A&M University-San Antonio are expected to exhibit honesty and integrity in their pursuit of higher education, be mature, be self-directed and be able to manage their own affairs. Students who violate the university academic standards will be charged with academic misconduct and disciplinary sanctions. Students are expected to share with faculty and staff the responsibility and authority to challenge and make known acts that violate the Texas A&M University-San Antonio Code of Conduct. For more information please visit the Office of Student Rights & Responsibilities website.

Academic misconduct is any act, or attempt, which gives an unfair advantage to the student. Additionally, any behavior specifically prohibited by a faculty member in the course syllabus or class discussion may be considered as academic misconduct. Academic misconduct includes, but is not
limited to, cheating, plagiarism, multiple submissions, collusion, lying and bribery. For more information, refer to the Code of Student Conduct, 14.4 Article III: Conduct Rules and Regulations. Texas A&M University-San Antonio faculty has the discretion to impose grade penalties as deemed necessary.

Faculty members are required to report such serious breaches of academic honesty to their Department Chair, their Dean and the Office of Student Rights and Responsibilities.

In cases of academic misconduct, students may be subject not only to grade sanctions in courses but to disciplinary action. Grade sanctions may be imposed only by faculty members, but suspension or expulsion may be imposed only by the Vice President for Student Affairs. If a student wishes to appeal the decision of suspension or expulsion due to violations of academic misconduct, they must initiate their appeal as outlined within the Code of Student Conduct. Extenuating circumstances may cause the University to deviate from the defined time frames.

The Academic Misconduct Process is as follows:

A. When a faculty member identifies alleged academic misconduct, the faculty should notify the student of allegations as soon as misconduct is found. Faculty and student should meet to review the allegations found, review any evidence, and allow the student to explain the incident. After the meeting with the student, faculty may impose an academic sanction, which includes, but is not limited to the following: written reprimand, redo of assignment, additional work, failing grade of assignment, failing grade in course, or multiple academic sanctions.

1. If resolution is found, then the case is documented and referred to The Office of Student Rights and Responsibilities for review and adjudication according to the conduct process.
2. If a student disagrees with or contests the decision of responsibility and/or academic sanctions, then the case is referred to the Department Chair for mediation.

B. The Chair should contact the student and faculty within five (5) business days to request a meeting on/at a designated date and time. The student will meet with the faculty member or representative and the Chair to review the incident. The decision of the Chair shall occur within five (5) business days of the meeting with the student.

1. If resolution is found, then the case is documented and referred to The Office of Student Rights and Responsibilities for review and adjudication according to the conduct process.
2. If a student disagrees with or contests the decision of responsibility and/or academic sanctions, the Chair will forward all information to The Provost or designee, who will activate The Academic Integrity Hearing Panel (hereafter referred to as the Panel).

C. The Provost or designee will notify all parties in writing of the date, time, and location of hearing at least five (5) business days prior to the hearing with the Panel. At the assigned hearing, the student will meet with the faculty member or representative and the Panel to hear the charges and faculty member’s explanation, and present their side of the case. The Panel has five (5) business days in which to make its decision. The Panel may recommend to uphold (affirm) or reverse the decision and/or academic sanctions imposed by the faculty member.

The Panel will communicate its recommendation to the Provost or designee. The Provost or designee will notify the student of the final decision made within five (5) business days of the panel meeting. The decision is considered final.
The case is documented and referred to The Office of Student Rights and Responsibilities for review and adjudication according to the conduct process.

15.6 FREEDOM IN CLASS

The faculty, in the classroom and in conference, will encourage free discussion, inquiry, and expression as long as such is within the scope of the course they are teaching. Student performance will be evaluated solely on academic basis, not on opinions or conduct in matters unrelated to academic standards.

15.7 ACADEMIC DISMISSAL

Students who have been placed on scholastic probation and earn beneath a 2.0 semester or term GPA will be placed on academic dismissal. Students dismissed a first time are required to sit out one semester and must complete an academic appeal, submit a personal letter, and an academic success plan. The appeal deadlines are as follows:

- **Fall:** June 15th
- **Spring:** October 15th
- **Summer:** March 15th

If a student is dismissed from the University a second or subsequent time, the student will be required to sit out a full academic year (fall, spring, and summer) before re-applying to the University. In order to re-apply the student must apply online, pay the Admissions fee, and submit an appeal to the University by the stated deadline below. The appeal deadlines are as follows:

- **Fall:** June 15th
- **Spring:** October 15th
- **Summer:** March 15th

All transcripts, appeal paperwork/documentation, and application fee must be paid before the deadline listed above. Appeal decisions are made by the Academic Suspension committee and are final.

15.8 APPEAL PROCESS FOR DISMISSAL

Any student placed on Dismissal has the right to appeal to change that status. Students must initiate the appeal process with Student Academic Success Center.

Students will be counseled by a Student Academic Success Coach. The student will complete an online appeal form and submit any supporting documentation to the Student Academic Success Center by the stated deadline in the dismissal email. This appeal should only be completed in extenuating circumstances. The Academic Suspension committee is within their rights to deny the appeal and require the student to sit out the requisite amount of time.

The form will be reviewed by Academic Suspension Committee and a determination made regarding the outcome. If a student’s appeal is approved, the student must then participate in the Academic Recovery Program as part of their requirement for reinstatement; see Section 15.9.

If approved, the student is informed by the Executive Director of Student Success and the Office of the Registrar is notified that the student is eligible for registration for that term. Reinstated students
will be limited to 13 hours automatically. It is at the Suspension Committee’s discretion to limit the student further (3, 6, 9, or 12 hours). The restriction will stay on as long as the student is on scholastic probation or reinstatement.

If the appeal is denied, the student is notified of the decision by the Executive Director of Student Success and the academic dismissal status remains on the record. Students must reapply to the University if they do not enroll within one calendar year from the initiation of the academic dismissal.

As part of the re-admission appeal process, all students are required to develop, in consultation with a Success Coach from the Student Academic Success Center, a student success plan. As part of the student success plan, students will be required to complete specified assessments as well as participate in the Academic Recovery Program. Students are required to complete the Academic Recovery Program as long as they remain on scholastic probation. For more information, email the Student Success department at Student.Success@tamusa.edu.

The University has established comprehensive substance abuse prevention programs such as the Online Mental Health Screening, which is available 24/7 to help eliminate the threat that substance abuse poses. Through education, the University is committed to helping individuals achieve their personal and academic goals.

Alcohol and Drug Education & Prevention Programming: The Division of Student Affairs established the Alcohol and Other Drug (AOD) Prevention Committee to provide educational programming to students on campus. This includes Informational tables on safe behaviors while drinking, bystander intervention, standard drink education, consent under the influence of alcohol, dangers of alcohol poisoning, education on Texas 911 Lifeline Law, Party drug information, etc. Other educational programs include 4:20 Marijuana Education, Drunk goggle simulations, Education Bingo, and education on resources on campus. depression, hallucinations and death. Student Counseling and Wellness Services offers confidential online screening and assessment.

### 16.7 UNIVERSITY DISCIPLINARY PROCESS IN REGARD TO ALCOHOL AND ILLEGAL DRUGS

University disciplinary charges may be pursued against any student alleged to have violated Texas A&M System Policies and Regulations, University Rules and Procedures, University Code of Conduct, and/or local, state and federal laws concerning controlled substances. Violations of any local, state or federal law pertaining to controlled substances that occur off campus and are not associated with a university-connected activity may result in disciplinary charges in situations in which the continued presence of the individual on campus is likely to interfere with the educational process and the orderly operation of the University. University disciplinary proceedings will be in accordance with procedures outlined in the Code of Student Conduct. See section 16.2 and 16.3 for more information on alcohol and drugs/controlled substance rule.

Voluntary admission to a substance abuse treatment program prior to the issuance of charges may be looked upon favorably in disciplinary cases. Disciplinary action in cases involving drug-related violations may result in Housing eviction, suspension, dismissal or expulsion from the University, depending on the nature and seriousness of the case. Participation in a substance abuse education or treatment program may be required in addition to other sanctions. Any disciplinary action imposed by the University may precede and be in addition to any penalty imposed by an off-campus authority. See section 16.2 and 16.3 for more information on alcohol and drugs/controlled substance rule.

### 16.8 STUDENT ORGANIZATION RESPONSIBILITY FOR ALCOHOL AND DRUG-FREE RULE

The Student Organization Responsibility for Alcohol and Drug-Free Rule provides that any student organization functioning at the University which knowingly permits or authorizes the sale, distribution, serving, possession, consumption, or use of marijuana, a controlled substance, or a dangerous drug when such sale, distribution, serving, possession, consumption, or use is not in
compliance with the laws of this state shall have its recognition as a student organization withdrawn and shall be expelled from campus for a minimum of a calendar year from the year of determination of guilt. The organization shall also be prohibited from the use of all property and facilities of the university with which it is affiliated. These disciplinary actions are subject to administrative review and hearing procedures as are provided in the code.

16.9 TRAVEL POLICY AS APPLIED TO DRUG-FREE CAMPUS POLICY

Students should be aware that they are responsible for abiding by the Drug-Free Campus Policy and they may be held liable, both civilly and criminally, in the case that they are found in violation. When students travel, they should know that their point of destination is considered an extension of the campus. Violations occurring off campus will be treated the same as if the violations occurred on campus. All students participating in extra-curricular travel are required to complete the necessary travel forms prior to departure and return them to the Office of Student Involvement. These forms are available in the Office of Student Involvement and JagSync. This policy also includes Study Abroad trips, as a student is an extension of the campus and must abide by all Code of Conduct rules.

16.10 GOOD SMARITAN POLICY

The health and safety of each and every student is everyone’s first priority at Texas A&M San Antonio. We want all students to take responsibility and to be empowered to respond to potentially dangerous medical situations without fear of reprisal from the University. The University encourages all students to seek immediate medical attention for themselves or others when there may be a medical emergency even if they have been drinking or using other drugs.

Seeking medical assistance will be considered a responsible act and not deserving of arrest or disciplinary action. This protection is not available to students who also violate some other University policy that warrants sanctions such as being disruptive or combative, refusing treatment, committing assault or committing property damage.

When a person’s health or safety is threatened or appears to be at risk from alcohol or drug consumption these are the steps to follow:

- Call 911
- Call the University Police Department – 210-784-1911
- Seek assistance from a resident assistant (RA) or the resident hall director

The University takes seriously these threats to health and safety. As a result, any student for whom assistance is sought will be required to meet with the Office of Student Rights and Responsibilities, or Student Housing, and complete an appropriate educational assessment/course/sanction. Parents of students may also be notified. The student who called for medical assistance for another student may also be referred to this program.

In the event that a student incurs any alcohol or drug related violation during the twelve-month period following the Good Samaritan Policy, this report may be reviewed as part of the sanctioning process but will not be counted as a prior alcohol offense for the purpose of imposing mandatory minimum sanctions.

Students are eligible to use this policy on more than one occasion and students are always strongly encouraged to report medical emergencies. The health and wellness of our students is our highest
priority when determining an appropriate response. Repeated incidents will be reasons for further concern and these cases will be dealt with on an individual basis.

It is the hope of the University that students will use this Good Samaritan Policy as an opportunity to learn from a serious mistake and take healthy steps to avoid such mistakes in the future.

SECTION 17 UNIVERSITY RULE ON WEAPONS AND CONCEALED CARRY

17.1 WEAPONS RULE

17.1.1 PROCEDURES AND RESPONSIBILITIES

1. Prohibition of Weapons Unless Properly Authorized

Weapons are not permitted on the “premises” of any member, grounds or building on which an activity sponsored by a member is being conducted, or in a member passenger transportation vehicle, unless pursuant to written authorization of the member in accordance with this regulation. This prohibition excludes a concealed handgun carried by a license holder in accordance with state and federal law and the member’s campus carry rule. System Regulation 34.06.02 Weapons can be found online.

A holder of a concealed handgun license (CHL) must comply with the provisions of this regulation and Tex. Penal Code § 46.035.

2. Licensed Peace Officers

Licensed peace officers are authorized by law to carry firearms at all times.

3. Requirements for Authorizing Weapons

Members may grant an individual authorization to possess a weapon in accordance with state law and this regulation.

4. Firearm Application and Authorization Requirements

17.2 CAMPUS CONCEALED CARRY

17.2.1 RULE STATEMENT

This rule is designed to promote knowledge about the permissible concealed carrying of handguns and to provide information relative to those areas on campus where concealed carry is excluded.

17.2.2 REASON FOR RULE

This rule is established pursuant to Texas Government Code 411.2031.
17.2.3 PROCEDURES AND RESPONSIBILITIES

The university president established this rule after consulting with Texas A&M University-San Antonio students, staff and faculty about the nature of the student population, specific safety considerations, and the uniqueness of the campus environment. These rules were reviewed by the TAMU System board of regents as required by law.

A handgun license holder under Chapter 411, Texas Government Code, may carry a concealed handgun on or about the license holder’s person while the license holder is on the campus of Texas A&M University-San Antonio or in a Texas A&M University-San Antonio vehicle, unless prohibited by state or federal law, or this rule. The open carrying of a handgun on campus is prohibited. Licensed peace officers are authorized by law to carry firearms at all times.

Texas A&M University-San Antonio enforces state law regulating firearms on campus. This enforcement occurs in two ways. First, university police or other applicable law enforcement agencies will investigate and take appropriate action, including referral for criminal prosecution when violations occur. Second, Texas A&M University-San Antonio will consider any violation of state law regulating firearms to be a violation of Texas A&M University-San Antonio rules. Accordingly, such a violation is subject to disciplinary action under rules applicable to students, faculty, and staff.

17.2.4 RULES APPLICABLE TO CARRYING AD CONCEALED HANDGUN ON CAMPUS

State Law Prohibitions

1. Student Counseling Center
2. Fitness Center
3. Any premises where the university, as directed or approved by the president as necessary for campus safety, gives effective notice on a temporary basis pursuant to Section 30.06, Penal Code. For this rule, the term “owner of the property” in Section 30.06(b), Penal Code, means the president of the university. No university employee is “someone with apparent authority to act for the owner” for purposes of Section 30.06(b), Penal Code. All notices under Section 30.06, Penal Code, will be institutional notice, conform to Sections 46.03 and 46.035, Penal Code, and apply equally to all handgun license holders;
4. Any campus premises leased by the university to a third party, if the third party determines to prohibit the concealed carry of handguns on the premises and provides effective notice pursuant to Section 30.06, Penal Code; and
5. Assigned offices, as approved by the president, for which the employee has demonstrated that the carrying of a concealed handgun by a license holder in the office presents a significant risk of substantial harm due to a negligent discharge.

### 18.3 HAZING

Hazing is a criminal violation under Texas Law. A person may be found guilty of criminal conduct for hazing, encouraging hazing, permitting hazing, or having knowledge of the planning of hazing incidents and failing to report in writing his/her knowledge to the Associate Vice President and Dean of Students.

Students who, in good faith effort, report to the institution being a victim of, or witness to, an incident of hazing may be provided amnesty regarding other potential code violations, including, but not limited to, underage alcohol consumption and use of illegal drugs. Amnesty does not apply to a student who reports their own commission of hazing. Both failing to report hazing and hazing that does not result in serious bodily injury are Class B misdemeanors. Hazing that results in serious
bodily injury is a Class A misdemeanor. Hazing resulting in a death is a state felony. An organization found guilty of hazing may be fined $5,000 to $10,000 or, for incidents causing personal injury or property damage, an amount which is double the loss or expenses incurred because of the hazing incident.

This state law does not limit or affect an education institution’s right to enforce its own penalties against hazing.

The Education Code defines hazing as “any intentional, knowing, or reckless act occurring on or off the campus of an educational institution by one person or acting with others, directed against a student, that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated into, affiliating with, holding office in, or maintaining membership in an organization.” The statute contains a list of conduct which constitutes hazing.

Examples of hazing include, but are not limited to:

1. Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking, placing of a harmful substance on the body, or similar activities;
2. Any type of physical activity that subjects the individual to risk or harm or that adversely affects the mental or physical health or safety of an individual, such as sleep deprivation, exposure to the elements, confinement in a small space, calisthenics, etc.;
3. Any activity involving the large and/or unreasonable consumption of food, liquid, alcoholic beverages, drugs, or other substance which subjects the individual to risk of harm or which adversely affects the mental or physical health or safety of the person;
4. Any activity that intimidates or threatens the person with ostracism, subjects the individual to mental stress, shame, or humiliation, or adversely affects the mental health or dignity of the individual;
5. Any activity that induces or requires the student to perform a duty or task which involves a violation of the Penal Code.

If a student has firsthand knowledge of the planning or occurrence of a specific hazing incident, the student must report it or the student will have committed a hazing offense. Report any incidence of hazing to the Office of Student Rights & Responsibilities online.

18.4 HIV/AIDS

Texas A&M University-San Antonio will not use a person’s HIV status to make employment or admission decisions nor to determine how services are delivered, except as allowed by state or federal law. The University will not ask students if they are HIV infected. HIV positive students are allowed to attend class without restriction as long as the students are physically and mentally able to participate and perform assigned work and reasonably pose no health risk to others.

18.5 CAMPUS PARKING

All students, faculty, and staff who operate a motor vehicle on campus must register their vehicle with Parking & Transportation Services and obtain a University permit before they can park their vehicle on University property. Students, faculty, and staff are expected to pay parking violations as outlined in the Financial Obligations section. For more information on parking regulations, purchasing a parking permit, or violation appeals, please visit the Parking and Transportation website.
18.6 NON-MOTORIZED VEHICLES

Pedestrians have the right of way at all times. Bicycles are permitted on campus; however, they must yield the right of way to pedestrians and must be parked in bicycle racks available throughout campus. Bicycles are not permitted inside University buildings. Other non-motorized vehicles including, but not limited to, skateboards, roller skates, and in-line roller blade skates may not be operated on any of the sidewalks or driveways or in any building on the Texas A&M University-San Antonio campus.

18.6.1 HOVERBOARD POLICY

Due to safety concerns regarding spontaneous combustion and operator safety, Texas A&M University- San Antonio prohibits the use, possession, or storage of hoverboards including self-balancing boards/scooters, battery operated scooters, hands-free Segway, electric powered skateboards, and other similar equipment on the A&M-SA campus and other off-campus properties controlled by the University. This policy applies to the grounds and all buildings.

18.7 ANIMALS ON CAMPUS

Animals are not allowed on campus at any time. The only exceptions are service and emotional support animals assisting individuals. Students must receive approval from the Disability Support Services office before bringing the animal on campus. For more information on the process and required documentation, please contact DSS at (210) 784-7335 or visit their webpage here.

18.8 SOLICITATION

It is a violation for any person to solicit or sell to individual students at any time on the property, campus, or grounds of Texas A&M University-San Antonio except in those cases where specific authorization has been extended by The Associate Vice President and Dean of Students.

18.9 FINANCIAL OBLIGATIONS

Students are expected to pay all financial obligations to the University when due. Failure to pay such obligations may result in the student being dropped from classes and/or exclusion from final exams, withheld transcript and diploma, and/or further enrollment. Financial obligations include but are not limited to past due tuition, fees, or dining dollars charges, returned checks, returned check charges, lost or damaged library book charges, loss or breakage of instructional material or equipment, emergency loans or tuition installment loans and/or parking violations. Delinquent accounts are in jeopardy of being sent to a collection agency where the collection fees are an additional charge incurred by the student.

18.10 VOLUNTARY OR INVOLUNTARY LEAVE POLICY

In cases where a student leaves the institution, whether voluntarily or involuntarily, the University reserves the right to set a registration hold on the student account and place mandatory conditions upon the students return. This may include, but is not limited to, an assessment by an outside provider and/or completion of disciplinary sanctions. Other criteria from other departments may be required as well, prior to the students return to the University. For questions pertaining to this section, please contact the Office of Student Affairs.
18.11 ETHICSPOINT HOTLINE

If you suspect fraud, waste or abuse, you may call the Risk, Fraud and Misconduct Hotline at (888) 501-3850 or file a report online. A link to the hotline and electronic reporting option, called Risk, Fraud, and Misconduct, is also located at the bottom of the University home page. Both the EthicsPoint hotline and webpage allow you to submit an anonymous report of a potential concern.

The Risk, Fraud and Misconduct Hotline is managed by EthicsPoint, an independent third party that is not part of the Texas A&M University System or intranet. EthicsPoint routes every report received to a designated A&M System institution or agency officials for review and follow up. Please be aware that the EthicsPoint Hotline is NOT a 911 or emergency response service and should not be used to report an immediate threat to the members or property of our campus community.
